A. The exact percentage cannot be determined until the trustee appointed by the court has reviewed the details of the plan. As a general guide, your refund will be about equal to

the amount of the refund.

Q. How can I be certain the Company will make this refund?

A. This money comes from a fund set aside by the Edison Company and impounded by the Court. About six-sevenths of it was collected to pay Federal War-time Taxes. About one-seventh was taken from the Company's earnings during 1944 and 1945.

Q. When will I receive this refund?

A. Sometime after February, 1946 and before June, 1946. It requires individual processing of 11 million electric bills to identify more than 1,150,000 refund checks. So the first refund checks cannot be mailed before Feb. 1, 1946. They will then be mailed out at the rate of 11,000 a day.

Q. If I have received service at more than one address during this period, will I receive one check covering all addresses?

A. No. A separate check will be issued for each address at which you received service. These checks will be mailed at different times.

Q. Can my refund be credited to my current electric bill?

A. No. All refund money is being paid by the trustee. To apply the refund against your current bill would require a larger staff of address bookkeeping which would increase the cost of making the refund.

Q. Can I call The Detroit Edison Company and find out the amount of refund I will receive?

A. Sorry, no. Because of the millions of accounts involved, it will be impossible to discuss individual accounts until after your refund check has been mailed.
