THE OLD JUDGE SAYS... HENRY: "I've heard that some thing several times lately... that alcoholics are really sick people. It was news to me. Do you agree with that statement, Judge?" OLD JUDGE: "Yes, it's true, Henry. It's no notion of mine... it's a statement made by scientists who have studied the subject." HENRY: "What did they find out, Judge?" OLD JUDGE: "Well, as a result of their medical research, they found out that approximately 95% of the people who drink, drink sensibly, 5% do so unwisely, at times. Included in that 5% is the small percentage known as alcoholics. HENRY: "But why are they called sick people?" OLD JUDGE: "Because it has been discovered that, in many cases, excessive drinking is a symptom of some physical or emotional maladjustment... not the cause of it." HENRY: "Now I understand it, Judge. I am glad to hear of the modern approach to this problem and that so much is really being done to help these folks."

winter sports as a community asset. They are jumping into the field prematurely, utilizing present agency of ballyhoo, too often induced by free food and liquor, in the hope of attracting city dollars of week-end tourists. If the hotel room are frigid at night (as was our unfortunate experience at Alpena), enthusiasm of tourists is going to cool -- and inevitably so.

At Silver Valley, it milles west of East Tawas, the East Tawas citizens are pioneering a winter sports program that is bound to prosper. The county probate judge a two-hour volunteer for toboggan duty, filled our toboggans we dropped down into the chute on a breathless descent. Caberfac, 17 miles west of Cadillac on M-55, is also (like Silver Valley) in the national parks system. Here is one of the finest areas in the lower peninsula: all types of skiing, senior and junior toboggan runs with a tow for returning toboggans, and a fine community house where lunches and refreshments may be obtained.

Louia has its Bertha Brook Park west of the city on M 21 (ski slides, toboggan runs, community house for refreshments); Newrygo county has a winter sports park in "Little Switzerland" with a log community house, toboggan run, skating rink on the lake, snowshoes and ski trails, and fishing through the ice.

In the Upper Peninsula the winter season is most ideal for outdoor sports. While the season below the Straits is at the best about six week-ends in duration, in "God's Country" from Sault Ste. Marie to Ironwood it extends into months.

Ironwood has its own winter sports queen, parades, ice revue, cross country races, down-hill and sidlon races, ski jumps.

At Sault Ste. Marie ice skating has become a year-round sport, thanks to a community house which offers an artificial rink for summer tourists. Every county in the Upper Peninsula has its winter sports program. Fifteen queens assembled recently at Houghton for selection of the "Queen of the North."

Brighten Colors Add a tablespoon of vinegar to the first rinse water when washing blue jeans. This will keep their colors bright.

Planted Pears The Jesuits planted pears in the region of the 'Great Lakes' about 1562.
