EDITORIAL

F.H.S. will be departing from an age-old custom this spring when final elections for next year are held.

At the present time many advantages for this change can be seen. The Student Council, as an organized group, will be prepared to deal with the small problems that are forever cropping up the first few weeks of school. Individual classes, except Freshmen, will get under way immediately, gaining a few extra weeks; otherwise they will have time to take the "polish" — so to speak — of their positions before plunging into the round of activities.

Although the election time has been changed, the need for good health representation has not. Think before you sign, make your name stand for something on the petition. It is admitted that friendship is a fine thing, but don't let it dull the edge of clear thinking.

MAJOR EXPLAINS AIR FORCE CAREER

Major Griffith of the Army Air Force came from Detroit recently to speak about the air corps as a vocation. His talk to the boys' health class was related to their study of occupations.

In his address Major Griffith stated that even the lowest paid man on the field must be a graduate of high school. After graduating, a student can enter the corps for a year to get training in technical work. Then, even if he decided not to continue, the year's experience would give him a good background for some other work.

"The army," said Major Griffith, "is like a city." He went on to state that it is composed of individuals who think for themselves, not Nazi machines.

In concluding, he stressed the importance of discipline. He said that a boy who learns to respect his superiors will go far in a good world.

Major Griffith has been in the air corps since 1917. M.H.

PRE-VIEW DAY HELD FOR SENIOR STUDENTS

Western Michigan College has invited high school seniors from eighteen counties, including Oakland, to attend College Pre-View Day to be held on the campus Saturday, May 4.

They will attend a luncheon following which incoming and retiring presidents of the Student Council and the president of the college will speak. There will be other entertainment and special music.

During the afternoon they will attend the athletic events which will feature the closing day of Veterans' week and Spring Homecoming at the college. Tours of the campus and dormitories will be conducted every half hour by committees and students. During the day opportunity will be afforded for conferences with counselors and with the Dean of Men and the Dean of Women. C.R.

Band Goes To Algonac

Traveling in private cars in company, the bands of Farmington and Clarenceville left their respective schools at 2 o'clock Monday for a concert at Algonac High School. Four other schools were invited also.

The concert, following a 2:30 rehearsal, started at 7:30 p.m. The band consisted of one hundred fifty pieces. The program was divided into two parts, one part being the Algonac Band's Spring Concert and the other the Mason Band Concert.

Last year's get-together, attended by certain members of the Farmington Band, proved very successful. It is hoped that the affair will become an annual event because it promotes interest and builds talent. Earlier this year Farmington was host to the Clarenceville and Algonac bands for a general concert.

Farmington's band represented by about 25 members wore their uniforms. B.M.

Those sophomore boys really have a line, but don't believe a word of it.

Imagine senior girls throwing huge paper wads in the library! They had excellent aim as one fellow found out.

One lucky girl had two dates for the prom. She must have had a gay time.

A group of grade school boys were playing baseball. Up walks a high school teacher and picks up a bat. "Smack, crack!" A homerun and a broken bat. Not bad for a gal!

Work has been started on the Junior-Senior Banquet. It's no bed of roses, but the results ought to be satisfying.

Lincoln High pays us a visit! Recently two girls from that school drew admiring glances as they went to various junior classes.
