one's time asking the pointed question, "Are we too busy?" Too often one gives the answer that we are just too busy to do something, only to later discover that we could have found the time and to wish wholeheartedly that we had taken the time. There are few who do not realize this to be true, but likewise they are few who actually put it into practice. By this same token many service clubs fall into the ranks of inactive clubs. Rev. Sanders urged the membership to make the best use of their time, spending it where it will count for the most.

Next week's meeting, May 22, is in charge of Ed Peters.

Kiwanis are now busy making plans for one of the outstanding events of the year, an auction sale to be held Saturday, June 22. There will be three well known auctioneers at the sale and they'll be selling everything from "peanuts to automobiles." Donations from anyone in the community will be most welcome. Just so long as the articles have a usable sales value. Joe Himmelsbach is chairman of the auction sale and headquarters are at Farmington Dairy.

FROM THE FARM-BELT CIVIC ASSOCIATION

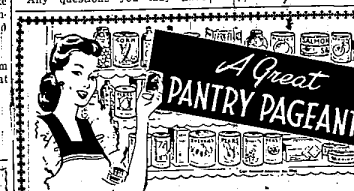

Last Saturday night members of the association met in the Clarenceville High School to ratify our constitution. This was accomplished after several changes were made in accordance with the wishes of the members. Particularly pointed out was the section permitting the amending of the constitution by the membership, at any regular meeting. Therefore, if you have any suggestions for the improvement of either the constitution or the by-laws, send them to us so they may be considered and voted upon at the next meeting. We will gladly send out a membership card upon request.

The aims of our organization were brought out and discussed in a talk by our chairman. It was decided to have some form of social gathering as soon as possible. Any suggestions as to the type would be greatly appreciated as would the assistance of anyone in planning this and future functions. Refreshments were served after the meeting and the meeting was proclaimed a success.

There seems to be some misunderstanding as to the origin and directorship of the Farm-Belt Civic Association. At the present time there are seven board members. The two vacancies are expected to be filled this week from suggestions made by the members at the meeting. In addition to the board members there is the chairman of the membership committee.

NO OTHER PERSON has been authorized to speak in the name of the association. You can further identify those of authority by looking at his or her membership card. All directors' cards bear numbers under 25. For your information we are once again printing the names of officers and directors. They are: Perry Del Monte, chairman; Lyle McGlocklin, vice-chairman; Wallace H. Felton, treasurer; Miss Ann Evans, recording secretary; Miss Ellen Conway, corresponding secretary; Harry Renshaw, director; Roy Songer, director. Mr. H. Rapson is chairman of the membership committee. As for the organization of our group all minutes of all meetings from the conception to the present are on file for the inspection of any member at any time. These minutes show every person present as well as business transactions.
