Vacuum Britile
Here show to determine whether
your britiles in your vacuum cleaner are long enough to sweep the
carpet. Lay a card across the noxless. If britise touch card, they'll
touch the carpet. Too short! Learn
now to lower the bruth—there's
probably a pin or slot mechanism
or a flat screw at the ends of the
roll.

Avoid Large Pinholes
To avoid large pinholes in material, use thin meedles instead of pins
when fastening a paper pattern on
fine silks and satins.
