\$136,000,000 SURPLUS and BALANCES
JUNE 30, 1946

On June 30, 1946, the State Government had more cash on hand than the year's total collection of the sales tax. . . . Much of this surplus has been set aside for future spending by the State, including State institutional buildings and improvements, highways, and veterans' benefits. There is \$21,500,000 surplus not earmarked. More than sixty percent of the State's operating funds come from some other than sales tax.
