BAND PRESENTS DEMONSTRATION TO P.T.A. GROUP

The Clarenceville Parent Teachers Association met Tuesday evening, February 18, with an unusually large crowd present. Arthur Mann, music director at Clarenceville High School, presented his junior band in a remarkable demonstration showing how the pupils progress in mastering the instrument and harmonizing with the other voices. The members were from the fourth to eighth grades and many had only begun to play last October. Clarenceville is proud of their music department and the two bands.

The school board honored the membership with their presence, and Mr. Hoppe, chairman, reported that Livonia Township assured him that a street light would be placed in front of the high school.

Also, a committee, headed by school superintendent M. J. Beiser, petitioned the Farmington Township Board for lights in front of the Edgewood and Central schools and it was promised the matter would be taken care of. This sort of cooperative spirit is to be commended, for it will build a better community.

A memory game and refreshments filled out the social period which ended the evening on a gay note.
