

FARMER'S DAY TO BE HELD AT MSC AUGUST 28

With new and better facilities for housing exhibits, the annual State 4-H show and Farmers' Day program are expected to draw many interested spectators to Michigan State college.

The 4-H show is August 26 to 29 and the Farmers' Day program is August 28.

Spicing of plans for the 4-H show, A. G. Kettunen, state 4-H club leader, indicates that this year's program will be one of the biggest ever. Twelve hundred boys and girls will be housed on the MSC campus and will bring more than 4000 exhibits with them. There will be 1200 head of livestock along with approximately 500 in the dairy division.

Beef cattle and sheep entries will be housed in the new agricultural engineering building. Dairy exhibits will be shown under the football stadium and swine will be housed in the judging pavilion and best experimental barn. Horses will be shown in the riding horse barn.

Exhibits such as gardening, home economics, crops and handicraft will be shown in the college auditorium.

The Farmers' Day program is being held in conjunction with the State 4-H Club Show because many farm families come to the MSC campus for the big farm youth contest of the year. Families are invited to hold picnic lunches noon or evening.

The college farms and barns will be open during the day so that farmers may inspect the livestock and experimental work. Direction signs will be placed, and visitors can drive their own car or take a bus. Buses will tour during the day and spectators can stop at any point of interest and continue on the next bus.

Evening programs will be held on Wednesday and Thursday nights at 8:00 in the college auditorium.

If grassland farming is to be successful, high producing legumes and grasses must be used.
