

Betcha don't know all the stuff our new boatowners insurance covers.

Our new boatowners insurance is going to make your Water Wonderland a lot more wonderful. Because not only are we going to make you the king of the road this summer, we're going to make sure you rule the waves.

You'll rule the waves because our boatowners insurance is going to insure you against anything that might happen to happen. Like if you should happen to collide with a sea monster. Or another boat or sunken log or tornado.

Or even a car, for that matter, when you're towing your boat to the water. And if that other boat or car is insured and at fault, you get paid for damages immediately. If that other boat or car is insured at Triple-A, both members get paid in full. No deductibles. No questions. No matter who's at fault.

Our new boatowners insurance can protect your boat, motor, trailer and equipment all year long on land as well as in the water.

From theft, vandalism and acts of God. It can even protect you with liability protection and the same kind of broad medical coverage you get with your car insurance.

And, of course, you'll be king of the road with our Outdoor Living Package of recreational vehicle insurance through the Exchange or Motor Land Insurance Companies. With recreational vehicle financing through our arrangement with two leading Michigan

banks. And with exclusive Trip-Tiks, state and county maps, camping directories and up-to-the-minute reports on camping, fishing and road conditions to get you to your piece of heaven in the great outdoors.

For more information, call, visit or write your Triple-A office. We'll send you a booklet about new boatowners insurance. Plus another booklet that shows you how much more we want to do for you.

GROUP INSURANCE COMPANY OF MICHIGAN

We want to do more for you.
