

From where I sit... by Joe Marsh

How to Tell You're Getting Old

Doc Walters gave me this formula: It's a sure-fire sign you're getting old when you resent other people having a good time.

And the Doc means it hasn't much to do with age. There are old folks in our town who get a big kick out of seeing other people enjoy themselves—seems to keep them young in spirit, with a twinkle in their eyes!

And there are some others who resent the young folks going fishing; who feel that community games and dances are just a waste of time; or who criticize temperate people for enjoying a mellow glass of beer with friends.

They're often well-intentioned folks, too. But from where I sit, the minute we criticize our neighbors for enjoying wholesome pleasures—like a game of horseshoes, a glass of beer, or an afternoon's fishing—it's a sure sign we're growing old (in spirit anyway) no matter what our age is.

The Farmington Civic League sure is starting out a little different this year. Emory Hatton's Farmington Hardware game took first place last week with Dale Buttermore's 856 helping them in. With the Farmington Mills in second place — As I remember these boys were hanging to the bottom last year.

What - oh what happened to Ed Schweiter's last game last week? And he started out so good. That sure didn't look like a 173 average, Ed!
