

Where Panfish Feed
Most panfish feed within a foot or so of the bottom of stream or pool. Bait that is held too high in the water will not attract bites.

Clothes for Farmers
Last year farmers in the United States spent an average of \$70 each on clothing for themselves and families, twice the amount spent in 1941.

U.N. Facts and Faces IRAQ!

IRAQ

Iraq is the legendary birthplace of the human race and the site of Ur, the oldest city known to modern historians. Its famed rivers, the Tigris and Euphrates, cradle some of the most fertile land in the world. Mountainous in the north and low in the south, the country's range of temperatures is from below freezing to 120 degrees in the shade. Iraq is a great producer of oil, much of which is carried by pipeline to ports in Palestine. Iraq is represented at United Nations Headquarters by Ali Jawdat, Ambassador to the United States. The flag of Iraq has black, white and green horizontal stripes, with two white stars in a red field.

From where I sit ... by Joe Marsh

Sam's a Matrimony Expert

Sam Abernathy never intended to be a matrimony expert, but he hit the nail on the head the other day when he said:

"What marriage really needs is more open minds and a lot fewer open mouths."

Sam may not think much of his missus' choice of hats or her habit of serving waterless and cream cheese salad, but he keeps his mouth shut (I mean, he just uses it to eat the salad). And the missus never criticizes Sam's affection for that worn-out chair before the fire.

and his mellow glass of beer and pipe at the end of a long day.

From where I sit, that prescription would apply to most human relationships. Criticism rarely rouses anything but resentment. But an open mind—whether it's applied to a woman's choice of hats, or a husband's preference for a pipe and a moderate glass of beer or two—leads to the conclusion that there's right on both sides.

MRS. E. A. MOEBUS IS HONORED AT LUNCHEON

Mrs. Don Button was hostess at a luncheon at her home on Twelve Mile Road last Saturday to a party of friends from Plymouth, Eliza- beth Lake and Farmington. The occasion was in honor of Mrs. E. A. Moebus, a long time companion in the Button family, who is leaving soon for New Orleans. Louisa- ana, where she will make her home with a son and his family.

Mrs. Moebus is leaving many friends to whom she endeared her- self, besides her only sister, Mrs. Harry Habermehl of Farmington city.

The luncheon was prepared and served by two of Mrs. Button's daughters-in-law, Mrs. Paul Button and Mrs. Robert Button.

Michigan Ranks Ninth In Rural Electrification

Only eight states in the United States rank higher than Michigan in electrification of farmsteads, a federal survey reaching Michigan State college revealed this week.

Only eight per cent of Michigan's farms are not electrified. Connecticut, with only 1.5 per cent un- electrified, leads the nation. North Dakota, with 84.5 per cent shows the least improvement.

Only 14,029 Michigan farms are not equipped with electricity. Many new lines being installed by private and public utilities along with REA agencies will cut the number be- low 10,000 within the next year.
