On Christmas Eve, the children of St. Paul's Christian Day School, under the direction of Mr. W. T. Graf, principal, will present a Christmas pageant, entitled, "The Christmas Story". Then will follow the pageant proper in five scenes: street scene in Bethlehem; the shepherds visit the manger; the wise men near Bethlehem; the wise men at the manger. Each scene contains a prologue, dialogue and carols by the children's chorus. The service will close appropriately with singing by the congregation, prayer and the benediction.

The first Christmas service will be held on Christmas morning at 10:00 a.m. The pastor will preach on the Christmas Gospel, and the senior choir will sing the anthems: "Christians Awake, Salute the Happy Morn" and "Praise God the Lord, Ye Sons of Men".

Babson Report

(Continued from Page One)

and hustle on a farm in Gloucester, Mr. Babson went to the Massachusetts Institute of Technology. Upon graduating in 1928, he turned instinctively to financial and business activities.

His exertions, however, undermined his health; he contracted tuberculosis and he was sent West "as good as dead". It was while he was convalescing from this dread malady that he worked out some of the possibilities and problems of business statistics.

That was more than forty-five years ago. Today his weekly statistical and financial reports are read by thousands of businessmen and his research work is carried on by a large staff of workers.

Mr. Babson founded Babson Institute for men; and, in cooperation with Mrs. Babson, developed Wellesley College for women, both nationally-known educational institutions. Here young men and women may concentrate more in the fundamentals and less on the frills of business.

More recently he has completed the arrangements for another College named "Utopia" which is located in Eureka, Kansas, the center of Mr. Babson's "Magic Circle". Here people of all ages may check their financial well-being as much as at the Mayo Clinic they would check their physical well-being. He is also reviving an interest in Sir Thomas Moore who — 400 years

ago — outlined in his "Utopia" the only solution to our problems.

To millions of newspaper readers, Mr. Babson is best known by his familiar weekly stories on business which appear in more than 380 papers throughout North America. Of unbounded energy, Roger W. Babson has probably done more than any other man to bring statistics to life, to instill a broader vision in businessmen, and to publicize the ups-and-downs of the business cycle.
