TEACHER'S PET

YAKIMA, WASH. — Jerry Syrcle, 6, shouldn't have any trouble winning favor after pollishing this apple for his teacher, Verna Eastman. Of course, big apples from Washington state don't grow quite as large as the trick camera makes this one appear. It is just symbolic of the Yakima apple country's bumper crop, and Jerry represents thousands of boys who will be bringing Washington apples to their teachers all over America.
