From where I sit... *by Joe Marsh*

Are You "Hobby Happy?"

Penny thing about hobbies... When Ed Carey started making a model of the "Flying Cloud," it was only to rest his eyes from reading. But now he spends every spare moment ship modelling!

Some wives might have resented a husband suddenly shutting himself in the attic every night. But not Ed's Prudence. When she found him working late, she brought him some beer and crackers... she showed a real interest in his hobby... until finally Ed had her helping with the rigging.

Wasn't long before they were working side by side on Ed's bench, sharing a common interest. Instead of keeping them apart, Ed's hobby brought them more together.

From where I sit, a husband's hobby can often be a wife's as well. In fact, I've got the missus interested in tying trout flies—and, along with that mellow glass of beer, it makes the evenings go by mightily pleasantly.

A group of ladies from Floral Park attended a card party last Tuesday evening. Among those present were Mrs. R. B. Alexander and daughter, Beverly, Mrs. Harley McIntosh, Mrs. Norman Morrell and Mrs. Ward Barber. After the card party, the entire group went to Sandra's Sandwich Shop in Farmington for a lunch. They all had a lovely time, especially Mrs. Morrell, who got to laughing and couldn't stop until the tears rolled down her cheeks. But everyone helped her mop up the water-works so that helped. A good laugh does everyone good now-a-days.

Mrs. Erich Stoecker and daughter, Dorothy, of Floral Avenue, attended early mass at Our Lady of Sorrows Church in Farmington on Sunday morning. On their way home, Dorothy got her car stuck in the ditch in front of their home. In the afternoon they went to Edford to visit friends, and on their way home they got stuck in the ditch on the other side of the road, again in front of their home. Dorothy says that both times they were rescued by two handsome men, and her father, so Dorothy will try it again next week. Mrs. Stoecker wishes that they would either make Floral Avenue wider or the ditches much smaller.

Mrs. Erich Stoecker is getting along pretty well, although her broken arm is still very painful. She says she has one week marked off for "ponnence" and only five more weeks to go before the doctor takes the cast off her arm. PONTIAC

A FINE CAR MADE EVEN FINER!

GM Hydra-Matic Drive optional on all models!

Today, Pontiac announces a series of notable advancements in the car that has already won the wholehearted endorsement of more than a million owners and friends.

Foremost among these advancements is the great General Motors Hydra-Matic Drive — now offered as optional equipment on all Pontiac cars. Pontiac is the lowest-priced car in the world to provide this great mechanical masterpiece — which shifts gears automatically, and completely eliminates the clutch pedal.

Coupled with this great engineering triumph is a striking improvement in beauty and luxury. New exterior smartness extends from the new radiator grille to the streamlined rear bumper.

Interiors, too, are remarkably improved. Upholsteries are more beautiful and are expertly blended to achieve new attractiveness and charm. Instrument panels are finished in a smart design adorned with chrome moulding adds a deft touch of modernity.

Engine and chassis have been refined wherever possible — but they remain, basically, the same engineering masterpieces which have become synonymous in the automotive industry with goodness and dependability.

There are many more things we could tell you about the new Pontiac, for there are countless improvements which add to its traditional quality and value. But we feel that, for those who know Pontiac, we need only say — who know Pontiac, we need only say —

— here is, by far, the most beautiful Pontiac ever built —

— here is the most luxurious Pontiac ever built —

— here is the most dependable Pontiac ever built —

— and it is now available with GM Hydra-Matic Drive — optional at additional cost.

We wish only to add that it is here — on display in our showroom — and that you are most cordially invited to see and inspect it.
