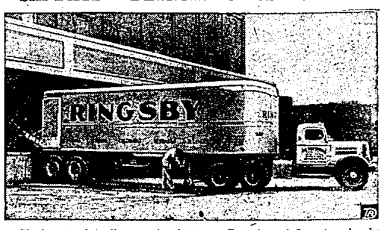
SIX DAYS — DETROIT TO LOS ANGELES



Six-day truck-trailer service between Detroit and Los Angeles has been made available through joint operation of Ringsby Truck Lines, Denver, and Long Transportation, Detroit. Ringsby tractors pull the big tandem-axle units (like the one shown here) between Chicago and the coast, while Long handles the overnight runs between Chicago and Detroit. This express service is proving so successful with shippers that plans are being made to double the operating capacity.

Hey, Mister!

YOU'RE FORGETTING SOMETHING!

Your summer chores aren't even started until you've done something about your furnace or stoker — had it cleaned and checked over after last winter's long pull and in preparation for next winter's equally demanding task.

Maybe a good cleaning is all it needs—or maybe there's a part or two that's worn and should be replaced. Whatever it needs—this is a job you don't have to tackle yourself, because your local Coal Retailer is ready now to take care of it for you.

If by chance he doesn't have the facilities—call CHerry 4331—the same number you use for 24-hour emergency service during the heating season. But do it NOW—waiting till fall's cutting it too close!

The hottest day this year found many of our local residents without any water unless there was a neighbor close by who had a faithful old well still in use. We never miss the water 'til the taps go dry.
