"Put Some More Dents In It — I Can Never Explain Being Out This Late Unless My Wife Thinks I've Been In An Accident".

Sorry, Mister but it's our business to take out dents—not to put them in a car. Give us a chance to go to work on that buggy and when you drive home in a sleek, shiny car—your wife will greet you with open arms. Drive in today. Service on all makes.

FLY - MOSQUITO - WEED CONTROL Rid Yourselves of Disease Carrying **Insect Pests**

No doubt you are all very familiar with our most common insect pests, mosquitoes and flies. How aggravating they are. Much more seriously, how dangerous to humans they are, from a health and sanitation point of view.

Our company spent considerable time this past season using the latest materials and newest type of application equipment and we obtained unbelievable results. We were able to fog out large areas with new equipment that heretofore we were unable to reach. We also found the new chemicals used in latest equipment could be applied at a much greater rate and speed and still obtain much better results than ever before. Now we offer you latest methods and materials, applied by thoroughly trained men, for pest free areas in both outdoor and indoor areas.
