- MARANTZ 2245 STEREO FM-AM/FM RECEIVER
 - 2 MARANTZ IMPERIAL 7 SPEAKER SYSTEMS
 - THE DUAL 1218 AUTOMATIC TURNTABLE, WOOD BASE AND DUST COVER FOR DUAL 1218
 - SHURE M75E MAGNETIC ELLIPTICAL CARTRIDGE

INCLUDED IN THIS MARANTZ STEREO SYSTEM
THE 1218

There's a lot of the 1218 in the new 1216, bringing even more Dual precision to the medium-price range. Most notable of these features is the two-ring gimbal of the tonearm suspension. The 1218's motor also combines high starting torque with synchronous-speed constancy.

Anti-skating scales are separately calibrated for conical and elliptical stylus, thus ensuring equal tracking force on each wall of the groove. (When Dual first introduced this feature, we said it provided "more precision than you may ever need." With four-channel records on the way, such precision is no longer a luxury.)

Perfect vertical tracking in the single-play mode is provided by the Tracking Angle Selector, designed into the cartridge housing.

Other 1218 features: Verner counter balance with click-stops. Feather-touch cue-control with silicone damping. Single play spindle rotates with platter to prevent center-hole enlargement. Pitch-control for all three speeds. One price cast platter weighs 4 lbs. Will track at as low as 0.5 gram. Chassis dimensions less than 11" x 13".

If you avoid unnatural contaminants in your food, laundry and lifestyle, why not in your music?
