University Costs For Girls Listed

This is another in the series of articles concerning college expenses.

The cost of attending the University of Michigan in Ann Arbor is approximately \$1000 for two semesters, according to F.H.S. alumnae attending.

The room and board are \$520, tuition \$140, books, \$40, clothes \$50 to \$150, miscellaneous \$100 to \$300.

If a girl wishes to pledge for a sorority, the initiation fee is \$150.

Although room and board is usually slightly lower in a sorority house, it really runs into more money than does living in a dormitory. This is because of the many activity fees.

EDITORIAL

BE CAREFUL

Driving will be dangerous as you go to the game tomorrow.

If you start early and take your time you will be much wiser than those who rush.

The road is slicked with ice. Go easy on the stops and turns. Have a good time, but be careful. B.R.

Rowlays Lead League

The invincible Rowlays maintained their lead with 31 wins and 17 losses. By a narrow margin of one game, the Hep Cats stuck to second place with 26 - 22. Hot Shots and Four Fouls tied up to the tune of 25 - 23. The Hell Cats struggled from the bottom, winning two games to put them into fourth position. Alley Cats were next with 17 - 31.

It Really Happened!

In English — the word "caricature" was pronounced "caricatur". In reply to a question concerning the meaning of the title of Emerson's "Nature" came the reply, "It means a caricature, a picture of a person or thing in a distorted and exaggerated way."

In Spanish — the word "caricatura" was pronounced "ha ha ha ha Ha Ha".

In Journalism — having noticed jaded sons on a student's hand, the instructor asked if she had been buried in Chemistry. The boy responded, "No, I was buried in English".

It was an insult to Miss Baily's English class. The room just happened to be full of wasps that day.

YANKEE INFLUENCE IN ARTHUR'S COURT IS TUNEFUL SATIRE

King Arthur would probably turn over in his grave if he saw what the Clivie Light Opera did to his court.

Mark Twain's satirical novel, "A Connecticut Yankee", pokes fun at the social hypocrisy and tales standards of conduct.

The musical adaptation of this book, however, goes down to the point of being ridiculous. When the "Yankee" is played by Whiff Evans, finds himself in the middle of the sixteenth century, he decides he may as well make the best of it. He does this by making a few changes, and what changes makes!

The English used in the "Yankee" would make most teachers of that subject throw up their hands in despair. The well known (and used) slang of our modern generation is thoroughly sprinkled in with the conventional "old English" thou's and thou's of King Arthur's days.

Martin, the Yankee, is a genuine yokel who is patrician in manner. For instance, when he first met Sandy, lady-in-waiting to Queen Guinevere, they decided then and there they love each other, both burst into song. This guy loses no time.

That brings up the musical side of the program. If you're familiar with Rogers and Hart music, you can be sure it won't worth the name.

Tunes like, "Then Swell", and "My Heart Stood Still" were only a couple of the all-time hits of the show.

One of the funniest songs was "To Keep My Love Alive" (7), sung by Queen Morgan Le Fay. In comparison to Queenly Tommy Manville is a piker. I stopped counting when he took the stage.

Most of us are familiar with the general trend of the novel, so I'll speak of some of the changes made.

Of course, the biggest change was English. Some others were: a telephone company, punch time clock, bright, flashy costumes, the rumba, and cars in 1913.

After with this and because he knew his history, Martin gave Merlin the magician a pretty rough time.
