

From where I sit... by Joe Marsh

Duke Gets His Tractor

Duke Thomas bought a farm with the money he'd saved in the service, but he couldn't get a tractor. He needed it badly, but was tenth on the local dealer's list.

"Tell you what," old man Peters says. "If those nine fellows ahead of you agree, you'll get the next one I get in." "No, thanks," says Duke, "I'll just take my turn."

But old Peters mails out nine postcards. And the other day he calls Duke his tractor will be in next week. "I simply wrote the facts to the fellows ahead of you. They decided it."

From where I sit, it's that split of understanding that helps make our democracy so great. Understanding for the other fellow's problems and respect for the other fellow's rights—whether it's his right to earn a living, his right to cast his vote against your candidate, or even his right to enjoy a moderate, friendly glass of beer or ale—if and when he chooses. Let's always keep it that way!

Bowling News

Leaving all other teams behind in the race for first place in the Farmington school bowling league, the Rollaways maintained a margin of 32-19.

The Hot Shots continued to advance this week, tying the Hep Hops for second place 27-24. Four Fouts followed close behind with 26-25. Rollaways held their fifth position with 21 - 30, while the Alley Cats trailed with 19 - 32.

Evelyn Niles placed high for a total of 443 for three games. Velma Goers and Margaret Mann tallied a high of 388 and 385 respectively for three games.

Nancy Snyder bowled a high of 165 for one game while Evelyn Nichols rolled 164. Nora Briggs came in with 150 for one game.

The Hot Shots rolled 1440 to top honors for the three game high. Rollaways and Hep Hops tied up with a total of 508 for the single game high.

FOOEY FLOPS
The Fooley Flops are at it again! After being held to two points by the Pin Kings last week, the Fooley Flops rebounded to crush the 77's in this week's bowling.

Jim White and Ed Connor led the Flops with 455 and 458 pins respectively, while Bill O'Connor paced the 77's.

This four point sweep allowed the Flops to move into second place and dropped the 77's down into third. The Flops are now only three points behind the league leading Pin Kings.

In the first game the Fooley Flops came from behind in the last frame to win by twenty pins.

The second game was more of the same, but it looked like a different story in the third and final game.

Allen tied off with a strike. Wheeler's ball hooked in for a strike. Desmelik smashed his ball into the pocket for a strike and O'Connor made it a perfect frame by striking.

This gave the 77's a large lead, but the Fooley Flops made a great comeback to take the game by a larger margin than ever.

The Fooley Flops are benefitting greatly by the presence of Jim White in the lineup. White can always be depended upon to come up with a strike when it is needed most.

Two weeks ago he bowled a 215 game, which is the highest in league competition. He is second in averages with 140, and along with Bill Goers he gives the Flops the most powerful one-two punch in the league.

On alleys three and four Bill Gardner's Pin Kings stretched their first place lead to three points. Led by Gardner, they taught Jack Clark's Gutterboys a lesson in the art of bowling.

Gordon Rowe was high for the Gutterboys, but they lost three out of four points to the Pin Kings.

With Dick Beam leading the attack, the last place Hot Shots took three points from the fourth place Alley Cats.

In next week's bowling the Pin Kings meet the Hot Shots; the Fooley Flops tangle with the Alley Cats and the 77's fight it out with the Gutterboys.
