After an investigation that extends back to the first week in February and the control of the co

allow them at any or our meetings.

"Besides stories have been meetings.

"Besides stories have been monkey business in these two gimmicks and I don't like it one bit."

Perhaps it was that remark that set! Commissioner Shirley and his staff off on a thorough investigation of the trifectas at the Jackson-at. Northyille meetings.

It is known that about the same time a similar probe was started at Windson The same time a similar probe was started at Windson The excitation appears to have brought out some fire where there was so much smoke.

From Windsor come rumors that a leading Michigan driver-trainer is involved.

From the information siting in from the barn area at Northwille Downs, one is told that several drivers have besible collusion in trifectas. It's all in the rumor stage at this point but Shirley did so nd h is dep put y commissioner, Richard Morris, who is in charge of harnesses racing, to Lansing earlier in the week to present facts from the investigation to the Attorney General's office for a review and recommendation for action.

The time the week to present facts from the investigation to the Attorney General's office for a review and recommendation for action.

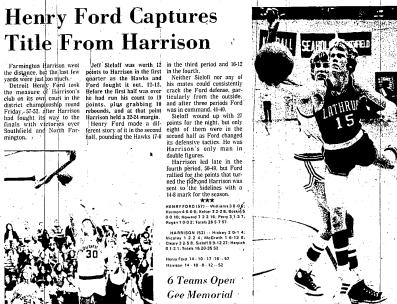

The time the week to present facts from the investigation to the Attorney General's office for a review and recommendation for action.

The time the week to present facts from the investigation had been taken but Windson did conduct a lengthy meeting carlier in the week during which more than 20 persons were questioned.

If the rumors at Northwille Downs, which has a nightly double and three perfects as its gimmicks, moves into the final Saturday (tonight) with better than average program headed by the weekly \$3.00 preferred pace.
