2:30 p.m. Kiwanis Club

**WEDNESDAY, JUNE 29**

2:00 p.m. Methodist Church Neighborhood Church  
The Buffet

**Flower Show Well Attended**

A cool pool, complete with white figurine fountain, gave an air of pleasant serenity to the Farmington High School gym last Saturday for the annual Farmington Garden Club flower show.

Staging of the show was strongly reminiscent of a bride's reception, with a bouquet on the table at the entrance, table settings, and many arrangements expressing "romance."

More than 400 people attended the show, viewing 135 artistic arrangements and 96 cultural classes.

High prize winners of the show, winners of the Tricolor award, were Mrs. Walter Gardner and Mrs. Guy Durgan. Mrs. Gardner's entry was a head of lettuce, so perfectly grown and developed it merited the Tricolor for the cultural class.

The accessory chosen by Mrs. Durgan was a Chinese figurine. Her arrangement included clover blossoms, various grasses and be-gone leaves.

Other highlights of the show were a table setting by Mrs. Austin Grant, and a church window. The table was covered with a brown cloth, with a yellow flower arrangement and dishes that were Grant heirlooms.

The church window erected, as was the food, by the high school students, repeated the air of quiet serenity.

Other table settings at the show included another Golden Anniversary table, and a table set for a Bachelor's Dinner, as well as a bachelor table set by Mrs. L. D. Hewitt.

Judges for the show were Mrs. J. C. Cox, Mrs. David Dunlop, Mrs. Ernest Knobloch, Mrs. C. W. Naas, Mrs. Vaske Nababedian, Mrs. Albert Simayer, Mrs. H. T. Kline, Mrs. Don B. Smith, Mrs. Harold Pablis, Mrs. George Costlon, Mr. Frank Campbell, Mr. George Tolbert, Mrs. Clarence McByrd, and Mrs. Arthur Walke. The judges were selected for the experience and "know how" of flower judging. Many are graduates of the judging school held by the Michigan Federation of Garden Clubs. Some have previously appeared at Garden Club functions.

**DOCTOR GIVES TIPS TO AVERT CHILD'S ACCIDENTS**

Accidents probably cause more suffering for children than all the diseases of childhood put together, according to a University of Michigan doctor.

"There are probably far more children crippled in hospitals from burns than from infantile paralysis," Dr. James L. Wilson, chairman of the department of pediatrics and communicable diseases of the University's Medical School, said.

Suggestions on how some of these accidents to children can be avoided were given by Dr. Wilson:

Handles of pots and pans should be turned so that they do not project over the edge of the stove. Projecting handles offer temptation for children "to try to reach them. It's better to have children sit down and rest while they eat. A child, laughing or running, can be choked by food, particularly peas."

**Summer Program**

(Continued from Page One)

ville High School. Registration for the Summer Band will be conducted at the High School.

Adult recreation will be held in the evenings at the various playgrounds, dependent upon the number interested. Activities for youngsters are being planned during the day at the three playgrounds. In addition to athletic events, plans are being made to make a trip or outing one day a week during the six week program.

**Township Board**

a police radio on a set frequency. The action by the Board approved the City-Township police radio system is to secure the approval of the Federal Communications Commission in Washington. The application has already been forwarded to Washington for approval. The application is a request to operate a two-way police radio.

The Township Board approved the granting of \$250 to the Farmington Area Recreation Commission for the operation of the summer recreation program in the Farmington Township Area. This is the same amount as was granted last year to the Commission by the Township Board.

The Old Well Spring at Bath, England, has discharged in 150 years enough solids to create an excavation six feet wide, three feet high, and nine miles long, yet its water seems perfectly clear.

Sapphire balls up to a quarter-inch in diameter are being substituted for steel balls in bearings subject to high temperatures or chemical corrosion.

**Church School Will Hold Picnic**

The second annual picnic, sponsored by the Methodist Church School will be held at Cass Benton Park Saturday, June 25, from 3:00 to 7:00.

One hundred people are expected to attend. Games, contests, free soft drinks, and ice cream will be provided. Coffee will be served at the supper hour.

Miss Margaret Lingo and several members of the Senior Girls class will direct games for the girls and women. Mr. Edward Ayres, assisted by members of the Senior Boys class, will guide the events for the men.

Mr. Francis M. Langthorne and Mr. Bert Leach have arranged for baseball and horse shoe pitching contests.

The group will meet at the First Methodist Church at 2:00 p.m. and proceed in a caravan of cars to the park where the program is scheduled to begin at 3:00 p.m.

Supper is to be served family style. A vesper period of singing and the return of thanks for fellowship will close the day's program.

Guide maps and programs are available by phoning 0940. The public has been invited to attend the picnic.

**Legion Nine**

**Novi Plans Gala Days**

The Novi Board of Commerce and citizens of Novi Township are working hard to make this year's Gala Days event, August 11th through August 14th, bigger and better than those held in previous years.

The entire project is under the direction of Walter Tuck who successfully directed the Gala Days event given in 1948.

One of the main events will be a carnival given by the Avery Modern Shows. This will include four rides and about fifteen other attractions.

Lakeside Lodge No. 487 I.O.O.F. will have charge of the games. The Mothers' Club, Blue Star Mothers and Amvets Auxiliary will have complete charge of a lunch

stand. The Amvets have been asked to take charge of a public auction in charge of a public auction on August 13. Citizens will be asked to donate articles for the public auction. Arrangements may also be made to sell articles on a percentage basis.

A large display of farm machinery is also planned.

Other members of the committee in charge of the Gala Days event are Leo Harrarwood, Charles Tricky, Sr., and Jack Crawford, president of the Novi Board of Commerce.

All proceeds will be used for the building of a community center. The first unit of this building, including a town hall and fire station, will be completed this year.

The U.S. consumes about two-thirds of the world's output of arsenic.

**whew and WHEW!!**

Now we aint gonna say its been hot and we aint gonna mention the humidity because we read someplace that we shouldn't gripe about the weather cause that's sumthin' that even the politicians cant fix - but we sure bin poohed out when we go home at nite. When we walk outta here we cant find nothin' to sing about - we think this is a pretty swell place to be during the day. Say - speakin' of singin', didja try HUM yet? How'd cha like it? We aint had no complaints on it and one gal's been back fer another deal. Its a good way to save money, two big boxes fer 33c. Since you're tryin' to save money you wanna be sure and git your quart of Miracle Whip Salad dressing this weekend. We're gonna have a big pile of it and until its gone we'll sell it fer 45c a quart. We also put a pile of pop in the cooler. Seems as tho when people want pop they want it right now and they want it cold. Up till today we didn't have none that way - but we got 'er now. And you know that stuff Harry Heilman raves about. We got that - hot or cold. If you dont care fer the brand what pays Harry's way we got more kinds than you can shake a stick at - and they're hot or cold too - whichever way you want 'em. We aint got no hot watermelons tho - they're all cold and if you only want a half a one we'll be glad to taste it and see if its good. Course you know we'll take our taste right outta the middle. Aint we meanies???

Now what's the use of standin' over a hot stove all day fixin' a chicken when you can buy it already fixed in a can. This chicken comes from Swanson's. Know 'em? Neither do we - but we've et his chicken and its good. It weighs a little over 3 lbs and there's a lot of ways to fix it - it sez so right on the can. Now fer \$1.99 you should take a couple of 'em. If you dont wanna take Swanson's word fer it that his are good then take my word fer it that ours are good. We're gonna have 'em fresh dressed. Gonna dress 'em Thursday mornin' and if you git here early enuf you can buy 'em right on the hoof and dress 'em yourself. They're 49c a lb. if we dress 'em. Long as you're gonna have chicken you might as well make it real good and fry it in butter. If'll git prettier and browner that way and the butter's only 59c a lb. so why not? HUH?
