By MISS OLGA RICE

Miss Lorraine Stock, 13, daughter of Mr. and Mrs. John Stock of 27548 Edgemoor Drive, is visiting her grandmother, Mrs. Brady, of Stockbridge, Michigan. She will return home around the 27th.

Eugene Collier, 15, of 15481 Roselawn, Detroit, and two of his boy friends were the Sunday visitors of Olga Rice of 27553 Edgemoor Drive. The three boys rode out to her "farm" on their bicycles, a distance of nine miles each way.

Mr. and Mrs. Westland of 27350 Orchard Lake Road, visited Mr. Hugh Hartley of Owosso, Michigan, a patient at the Henry Ford Hospital, Detroit. He has been "lying" there for the past few weeks.

A potluck supper was held by Mr. and Mrs. E. R. Campbell of 30413 Robinson Avenue on Friday, July 15. The Campbells are friendly newcomers to the Forest Hills Subdivision. All property owners in the subdivision were invited to attend through word of mouth, a nice friendly gesture, I'd say. Fun, food and refreshments were in order. O.K., who's next?

Harry Westland of Orchard Lake Road, with a friend, Charles Guernsey, of Indianapolis, Indiana, flew from Willow Run airport to meet a group of friends in Mio, Michigan, for a few days of fishing on the Ausable River.

Some cars are getting so old they require upper and lower plates.

TRIAL BY FIRE—A newly-developed gas tank for aircraft gets a blast test by an aviation mechanic at Floyd Bennett Field in New York. Capable of withstanding direct flame and intense heat up to 2000 degrees Fahrenheit, the specially coated tank failed to burn after being exposed to the blowtorch flame for 28 minutes. A conventional gas tank burst into flames after less than two minutes.

Urge Campers To Use Unfilled State Parks

With a 10 to 25 per cent increase this year in the number of tent and trailer camps in nearly all state parks and recreation areas, the conservation department's park division is urging campers to try less used locations at Orchard Beach near Manistee, Wilson near Harrison, Hooft near Rogers City, Young near Boyne City, Harrisville and Ludington parks.

Most southern Michigan parks which can accommodate campers are filled to capacity, and Grand Haven, Holland, Island Lake and East Tawas camping facilities are expected to be filled the remainder of the summer.

The six lesser-used parks mentioned offer swimming and also fishing at the locations or close by. Fifteen-day camping permits, which are renewable when parks are not more than half full, can be secured from local park managers. There is no charge except a small fee for electricity where available and when requested.

Michigan had 755,425 registered campers in state parks and recreation areas last year.
