

Equip Deer With "Tail Lights"

A number of deer live-trapped at the conservation department Custer wildlife experiment station east of Munising will be equipped with "tail lights". To keep tabs on their movements, seven upon peninsula deer already have had their rumps painted red and orange with printer's ink. The marking will fade by spring.

The nuts on the cake marked out "32", but — locked at the speck — all Pop-in-law could think of was the measles she wore on their wedding day, 32 years ago.

We spoke last week of the six ancient and unmet great ideas announced by the same family. Now we have it on good authority, from one who surely should know, that a family of daughters is indeed a blessing, and also he'll take a brood of granddaughters, too. All this from a young father who just grudgingly passed out cigars announcing his second daughter's arrival. All that from a fellow who set up solo with a tribe of five sisters . . . and still thinks women are wonderful.

While we're in the stork subject, we hope the old fellow wasn't listless about our readers last week. We're not optimistic enough to think he's back reading again this week. It seems we got our Mrs. Thomas Wilsons mixed up, and the folks at the shower given by Mrs. Robert Dennis last week was really Mrs. Thomas Wilson of 10317 St. Francis Street. Sorry!

Our new neighbors at 2824 Livingston are Mr. and Mrs. Norman Murray, who moved here just before Christmas. Formerly from Livonia Township, they have rented the former Eppler residence and their little Linda, age two, has taken over where the Eppler children left off.

Keeping the home fires burning are Bob and Donna Harbournes and young Tommy of 2824 1st Street while the Carlton Harbournes are basking in the sun at Fort Lauderdale, Florida. Before their move to the neighborhood about 15 years ago, the Harbournes were residents of Bay City and their good times in Florida now are centered among many of their former friends from Bay City. The Harbournes themselves are planning a move to Florida "when the grandbabies grow up."

Mrs. Harbournes writes that in her six sojourn weeks are flying fast, but how she misses these kiddies!

It looks as though the ice skating in the creek circling our neighborhood is only a thing to dream of this year. However, Waldo Lake has kept the youngsters happy, and the mothers busy transporting them there.

Mrs. Ted LaFollette of 28229 Dresden took a load up Sunday, then buried home to bake rolls for the hungry skaters and the other company expected on the week end.

Mr. and Mrs. Bernard Hang of Big River, Michigan, and Detroiters Mr. and Mrs. Francis Myers, Mr. and Mrs. Franklin Spindler, and Mr. and Mrs. Charles Sattars kept things merry and the television set busy at the LaFollette home Sunday.

The Men's Club of St. Paul's Lutheran Church staged quite a dinner in honor of their wives Tuesday evening. Rumor has it that men will be the busy ones in behalf of their little daughters at the Girl Scout Banquet next month, too. They are to wait on table for the feast, and that's quite a turnabout. Usually it's the young miss who does the trotting for Pop.

March 16 is the date set for the big affair, and Mrs. Alice Horn of 20126 Rensseler was hostess Monday evening to the Girl Scout Ass.
