"NO LONGER SLEEPLESS!"

Changing to Famous Geritol Drink Brings Natural Relief! Can't sleep? ... Toss and turn? ... Get up in the morning feeling more tired than when you went to bed? ... Then you'll find real encouragement in this letter from a man in Peoria, Illinois: "Nervousness and sleepless nights were my two reasons for switching to POSTUM—and you can tell the world that drinking POSTUM instead of coffee quieted my nerves and made me sleep better, thus improving my general health."

SCIENTIFIC FACTS: Both coffee and tea contain caffeine—a nerve stimulant! So while many people can drink coffee or tea without ill-effect, others suffer nervousness, indigestion, sleepless nights. But POSTUM contains no caffeine or other drug—nothing that can possibly cause nervousness, indigestion, sleeplessness!

MAKE THIS TEST: Buy INSTANT POSTUM and drink POSTUM exclusively for 30 days. See if POSTUM doesn't help you, too, to sleep better, feel better, enjoy life more! ... INSTANT POSTUM—A Vigorous Drink made from Healthful Wheat and Bran. A Product of General Foods.
