## GAA Basketball Winners Determined

The first G.A.A. games played last Thursday night was Wynn's Freshmen against the Sophomores, in which the freshmen won with a 10-9 score. Barbara Waters made 2 points for the freshmen, and Sally Pfeiffer four for the Sophomores. The next Joust was Pioner's Juniors battling Shaw's Seniors, the Juniors winning with a score of 17 to 13. Rita Pioner, who was high scorer for the Juniors, made 9 points; and Donna Bryan made 8 points for the seniors.

Jones' Seniors vs. Hayes' Freshmen was the last game played Thursday. The seniors won with a score of 16-5. Ann Plunton made 11 points for the seniors, and Shirley Hayes made three for the freshmen.

Pioner's Juniors and Jones' Seniors are tied for first place. B. H.

Here And There  
With The Alumni

Hi There — Janet (Pagel) and Gerald Bandfield have a baby boy born on St. Valentine's Day. The baby weighs about seven pounds and will be named Gerald Ralph, Jr.

Doris Greskowiak is studying at the Detroit Business Institute. She hopes to go into office practice.

We may have a statistician in our midst. Bob Chesley, a junior at Purdue, is studying calculus to be a statistician. Good luck, Bob. Sounds plenty hard to us — but we understand you always did like math.

A bit of news from the Orofino girls — Connetta was married last June to John Deere. They are living on Power Road. She has been working at the telephone company. Martha has been waiting tables up at The Buffet.

Howard Osmus just can't seem to get away from Farmington High School. After he was graduated in 1916, he finally returned as a school engineer. It's good to see some of the older alumni around.

Mary (Flick) and Ed Sapiez are living with his parents on Orchard Lake Road. Their baby boy named Dennis is big enough to hold and "have fun with". Drop in and see him. Love, Betsy.

## 'Tis Said

Hear ye! Hear ye! Friends, Farmingtonites, and countrymen, lend me thine ears. Have you all heard about the big important game at Walpole Lake this Friday? This is to be one of the biggest games of the season, and everyone should be there to root for the team. Come on, let's fill all the buses and really hear Wal Lake.

Wednesday's assembly on Brotherhood Week was thoroughly enjoyed by the entire audience. Bravo to the Student Council for their fine selection of assemblies.

Have you entered your snap shots in the contest for Camera Club yet? Who knows, you might even win first prize, which is a big pile of money. (It would come in handy, too.)

Wow! That sudden dip in the thermometer this week to 2° below zero was quite a surprise. Jack Frost is finally leaving his traces. We had to dig out our earmuffs and red flannels.

Now that the debate season is over, may we extend our heartfelt congratulations to the debaters who brought Farmington quite an honor by going so far? Let's hope next year's team is just as good, if not better. M. W. & P. K.

## TEN PIN HIGHLIGHTS

Bruce Yanke holds the title of having the highest average with 161. Dick Alexander runs a close second with 148.

This week's team standings are: Alley Knights, first; Timber Pioneers, second; Pin Kings, third; Bull Shooters, fourth; Run Aways, fifth; Four Ducks, sixth.

Individual high single games are Jim Whitman, 177; Ken Siler, 174; and Fred Groux, 157. Team high single games are Alley Knights with 818, the Pin Kings with 616, and the Four Ducks with 581. F. C.

## Council Lowers Bus Fare To Game

Since the price was decreased to 10 cents for the bus to the Walpole Lake game, four or five buses are expected to leave Farmington Friday evening.

The Variety Club discussed suggestions for this plan, and the Student Council made the final conclusions.

The profits from the dime dance after the Berkeley game will be used to help pay bus expenses. B. H.

From twelve noon to twelve midnight a clock's minute hand passes the hour hand ten times.

Buenos Aires is the largest Spanish speaking city in the world.

BROTHERHOOD

"Four score and seven years ago, our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal." These famous words are known to practically every man, woman and child in the United States. They know they were spoken by Abraham Lincoln in his immortal Gettysburg Address.

But do they truly understand the meaning of the words? "All men are created equal" . . . well, are they?

Yes, in God's eyes we are the same, one person is no better than the other. Lincoln thought that we are equal, no matter the color of man's face, his creed, or his religion.

All men are the same as you. They eat the same foods you do; they like having nice cars, as you do; they enjoy clothes in keeping with the styles; and they want to provide a shelter for their loved ones, as you do. What would Mr. Lincoln think if he could see our country now? A mighty nation in which is waging a private war of its own — a war between races.

There is no bombing of cities or killing of thousands, not with bullets as they are being killed, but with words. Their chances of a good life in the United States, their faith in man, are often shaken.

All men of different colors, creeds, and religions defended their country, for it is truly their country, during a time when our freedom and lives were endangered.

Then why can they not be treated as if this were their country? Our nation is the greatest in the world but with a private war in it, how can it stay like that? Let us make Abraham Lincoln proud of this country that he was so proud of by being friendly and helpful at all times. N.S.

One glass of whole milk yields about the same amount of energy as one and one-half potatoes, three slices of bread, or a quarter of a pound of lean meat. If you want the nutritive elements with fewer calories, skimmed milk will give you just half the energy value, advice food specialists at Michigan State College.

## Business Classes Visit Hudson's

The J. L. Hudson Company was host to the bookkeeping and retailing classes and their teachers, Miss Mary Alice Lyngkile, on Wednesday, February 15.

After meeting in front of the school at 8 o'clock, they were taken by school bus to Detroit. A representative from the training department conducted the group on a behind-the-scenes tour of the department, which consisted of two floors; the advertising, stock rooms, central telephone, and cash tube room departments.

They returned during fourth hour class. J. S.

## Shop Class Varies Projects

Boys in third hour shop class are hard at work on projects for various faculty members under the direction of Mr. Snell. Jim Packard and Dave Dirmeyer are making a step-bookcase table for Mr. William Kume. Sam Shirley Rowe has George Goers and Albert Stozek working on a sandwiche tray and candlestick holders respectively. Bill Hanson and Gerald Ditchfield are making a hockey goal to make the popular winter sport more realistic. H. D.

President McKinley was the first to toss out the ball at the beginning of baseball season.

Oklahoma is the only state whose capital, Oklahoma City, bears the state name.

## Drawing Class Makes Field Trip

The Mechanical Drawing III class and their teacher, Mr. Clayton Timmons, traveled to Convention Hall to attend the Builders' Show on February 13. While making their way through the crowd, they saw the newest in house building supplies and furnishings. Some of the newer features in siding, window sashes, and a variety of television sets were being displayed. H. D.

## They Are Doing Their Weekly Wash!

That's right — believe it or not. There are no more back aches, fuss or muss when you do your wash at FARMINGTON AUTOMATIC LAUNDRY. It's so easy and inexpensive, too. In a jiffy your clothes are sparkling white and dried, ready for ironing. — giving you more time to relax and enjoy yourself.

## HELLO FOLKS

TED SWOBODA

Who? Introducing TED SWOBODA, a successful portrait photographer of 20 years experience, who has the largest studio in Oakland County, located in Rochester on the same spot for ten years.

What? He will have a photograph studio here two days every month to take pictures of children, adults, groups or anyone else who appreciates fine portraiture.

When? Twice a month — on Tuesdays only — the second and fourth Tuesdays of each month from 10 a.m. to 8 p.m. February 28 — March 14 — March 28 — April 11 — April 25.

Where? The studio, over \$2000 in equipment, will be set up in the Farmington Town Hall on these days only.

Why? First, the studio is a temporary trial. If the people show by their support they want a photographer here, a permanent business location will be found and a studio maintained.

So What? Photographs make the perfect gift for anniversaries or birthdays — for many occasions. Everyone is interested in having a good photograph of themselves to give to a loved one. Here's your chance. Cut out the certificate — use it. DON'T PUT IT OFF! PLAN NOW!

ADVERTISING OFFER — NO APPOINTMENT NECESSARY

Groups, Uniforms, Costumes Etc Extra. Ask the Photographer. Pay full amount plus 5 cents sales tax (total \$1.80), to photographer at the time of the sitting.

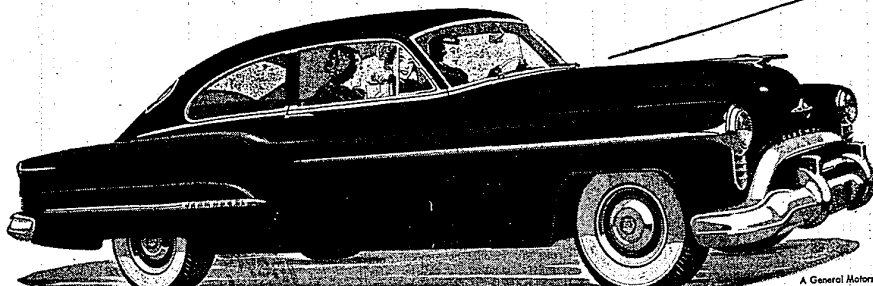

For the best results we have some suggestions:  
• For young ladies we have drapes with glamorous poses.  
• For family groups we have a large background.  
• Men and boys should wear suit coats with tie.  
• Ladies bring a white blouse (for vicetite effects on white background) if you want the evening style.

Bring This Certificate With You to the Farmington Town Hall
