NEW "HUSHED" 100-H.P. V-8

Yes, you can even hear Ford's quality. You hear the new quiet of Ford's tough and ready 100-horsepower V-8, the only V-8 in the low-price field. It's the type of engine you find in America's costliest cars ... yet Ford makes this 8-cylinder powerhouse available to you at hundreds less than you'd pay for most "sixes."

NEW "HUSHED" RIDE

Sound-conditioning all around, plus Ford's "life-guard" Body (now 13-ways stronger) make the '50 Ford so silent, you can talk in whispers. Add Ford's quiet to Ford's quality "feel" and you'll see why Ford's the one fine car in its field.
