

BATTER UP .... will be the cry around these parts next Tuesday as the Farmington and Clarenceville basebalt teams open their 1850 season. It is a little hard to believe that it's basebalt time again already, especially in a down of the Clarenceville distribution of the season of the season of the clarenceville distribution of the season of the season of the start to right of the season of the boys on the field a big boost, too.

## LAST SUNDAY ..

LAST SUNDAY ... wasn't exactly Easter Parade weather but we Americans are hardy souls and what is the difference — those new spring robites are what count anyway. There were plenty of mighty purity spring hasis, dresses, coats and suits on the street. People seemed to have the spring spring very though the weather diduct contain balay breezes. That's one nice thing about the Easter Parade — it gives you a big lift and sort of a weakerson feeling. prosperous feeling. . . . .

LIKE TO DANCE ... do you? Well, there will be plenty of opportunity Friday evening. 2.0.2 Well, there will be plenty of opportunity Friday evening. Farminaton Kiwanis (Lib is sponsoring a Farmington GetTo-re featuring modern and obditime dancing at the high school gym. a sweepoportunity for everyone, young and old, to get together some real fan. The whole idea is to get you and your neighbor a beiter acquainted. Then there will also be a dance out at the OAss Country Club Friday night sponsored by the Floral & area to get together for some pleasure and relaxation. So if you to dance, we got plenty of it.

The to dance we get point of AT THE TALK ABOUT THE STOVE . is switching from "what we did hast numer", to "what we are going to do the solution of the store of the solution of the solution of the the solution of the solution of the solution of the solution of the cheats and the road maps are popping up all over the place. Although that vacation may be quite a ways off yet, it is being taiked about. They say the planning and expectation is as important as the vaca-tion itself, so a lot of folks are miles away already.

BOM HAVE WE GOT WEEKS... right now. In fact, we got so many that if there wasn't a calendar around we don't know how we would ever get stratightened out. Just listen to this -- between April 14 and 17, we have Coin Week, Dough-nut Week, Waar Ad Week and Noise Abatement Week. The Idea of Coin Week, we guess, is to save 'em, and that isn't loo easy a job these days. Besides filling the piggy bank, me must eat an extra special helping of doughauts and run a bunch of want ads, in The Farmington Enterprise of course, and talk in a whisper all week long. It's quite an order, we know, but that is what the calendar says.

WE FIND NOW. That it isn't just our imagination that tells us the Skinned Knee and Loose Tooth set don't play marbles any more. Talking to our esteemed hard goods merchant the other day, we learned that youngsters no longer care for express wagons or roller skates either. Why? Maybu elevision. At any rate, the nut and bolt huckster says he just doesn't sell those items like he used to. Time was when the marbles would by by the bushel. No more. Time was when express wagons were in great demand. No more. Not even roller skates any more. We have no doubts but what a good sociologist could find some deep disturbances in modern youth stemming from this trend. Or vice versa.

LOOKS LIKE ... special elections will become quite popular this season. We're having ne May S on the night football field, and another one this Monday on the Building Code. Might be a good idea to drop over to the polls on those days. Especially Monday. The idea of the referendum puti-tions was to get the concennas of opinion from the whole township about the Building Code, but we're willing to warer that not. Then ing code but we're willing to wager that registered voters will make an appeara entage of registered voters to the number o the vote, and you'd have even a smaller of the compare the percentage of registe who are entitled to the vote, and y dictate the future of the township.

## Red Cross Motor Unit Organized AT CLARENCEVILLE

Eight drivers and six volunteers re already at work as members t the newly formed Farmington ed Cross Motor Unit. Mrs. Farrel feber, chairman, announced this Exchange units between the In-dustrial Arts and Homemaking De-partments of Clarenceville High School are nearing a close, follow ing a most successful five week

eek. Mrs. Weber stated that the upit Brit boys from the Senior High as made a number of calls since School and fifty girls of the same beir formation several weeks ago, igrades traded places. They are re-lined the initial announcement for jetying instruction along the same mathematic mathematic basis. seers, the membership has lually grown.
