Economics Classes Visit State Bank

When Miss Metzger began calling such terms as "Circle to the right" and "Swing your partners", squares were being formed for an entertaining square dance at the April 15 "Spring Fever" party.

The decorations consisted of pink, blue, yellow, and green crepe paper. Pictures and well-known songs lined the walls.

Orange and coke floats served as refreshments.

REVERE WEEK

"Listen my children, and you shall hear of the midnight ride of Paul Revere" — Every American has heard these famous lines, and every student has heard their reworded history. They are celebrated in both song and music. It is not an unknown fact that the famous ride of Paul Revere from Boston to Lexington on April 18 alerted the people to the coming of the British. When Paul Revere received two signals from the Old North Church, specifying that the enemy would arrive by sea, the clattering hooves of his horse were heard throughout the streets of Boston. His cry "The Redcoats are coming," awakened the Minute-men at once and they were ready for the enemies because of the heroic work of a leader.

Paul Revere should not be remembered for his unforgettable ride only but for other things also. He fought in the French and Indian War, was a member of the Boston Tea Party, was promoted to Lieutenant Colonel in the Revolutionary War, was active in public affairs, and since he was skilled in copper plating, he was asked to plan the first continental bells.

He was another of our great leaders, who through conscientious work, helped to establish and maintain our free government. B. H.

Spanish Class Observes Good Neighbor Day

A Pan-American Day program was held on Friday, April 14, in room 7, during fourth hour, by the Spanish Classes.

Highlighting the entertainment was a Spanish poetry contest. The contestants were classified according to class: Barbara Howle and Sally Lutz, first year; Gabriel Muhling and Dorothy Orofino, second year. The winners were Barbara Howle and Gabriel Muhling. Each represented her group, and both received a prize. They will go to Michigan State Normal College in Ypsilanti for further competition with other schools. Other contestants were given a card with a Spanish picture.

Ann Cunningham began with a short talk on the origin of Pan-American Day. Sally Stuntz gave "Pledge of the Americans" by Gabriela Mistral.

The Raapa, a Spanish dance, was performed by Sally DeLong, Nancy Holcomb, with accompaniment on record. Barbara Henke read a poem called "Americas" by German Berdalle.

Several records were played. They were: "Chorus of the Dragons"; "Chorus of the Cigarettes"; "Chorus of the 'Toreador' from Bizet's 'Carmen'; "California Que Pasa"; a tango representing Argentina; a rumba representing Cuba; and "Las Mananitas", a Spanish song comparable to our happy birthday song. J. S.

resulting from continued working together.

"We Believe" will feature a summary of the talk made by Warriner Walker, Vice-Chairman of the National Commission on Teacher Education and Professional Standards, next week. Also, a report on the speech of Fairfield Osborn, President of the Conservation Foundation, New York, will be presented. M. W.

Girls Win Detroit Tournament

The Pin-Ups, consisting of Flo Wallace, Rita Pierson, Helen Siggins, Barb Smith, and Ruth Hamlin, came in as the nineteenth team in the nation with a total pins of 2990. They will receive team and individual trophies from the Detroit Women's Bowling Association, since they were the Detroit Area Junior Champions. The girls bowled on March 25.

The boys' team, which bowled the same day, came in two hundred ninth in the nation. Total pins bowled by the boys were 2629. The boys bowling in the Detroit tournaments were Ken Siler, Fred Roux, Carl Milburn, Jim Whitman, and Dick Alexander. F. C. and R. H.

Poppy Poster Winners Announced

The winners of the American Legion Auxiliary "Poppy Poster" contest were announced by Mrs. Harold Quinn, chairman, this week.

The winners in the two classes are as follows: Class I — David Clause, first; Mary Jo Fisher, second; and James Schlottback, third. Class II — Jack Walker (Catholic School), first; Jane Grinard, second; and Ann Clapton, third.

Cash prizes of \$3, \$2, and \$1 will be awarded to the winners in each class.

The first place winners of each section will have their posters sent on to the district contest.

Gladys Pyorola Wins Scholarship

The Council of Community Nursing last week announced that Gladys Pyorola had won one of their scholarships for nursing at Ford Hospital. Gladys intends to attend Ford Hospital for three years.

The test was divided into three parts. These parts consisted of an aptitude test, an examination, (most parts of which were timed), and an interview at the hospital. In all, eighty students from different sections of Detroit participated. Only a limited number of scholarships were given. F. W.

Art Students View Exhibits

The Art Class and Art Club, with Mr. Benjamin, their teacher, visited the Scarab Club and Art Institute on Thursday, April 13.

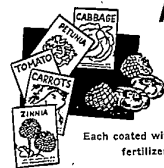

The Scarab Club had a group of paintings that were done by Detroiters, who make up the membership of the club.

A guide took the group through the Art Institute and explained various paintings in modern art. They viewed an exhibition called "Current Trends", which was the work of students from twenty-six Michigan art schools.

EASTERN MICHIGAN ORCHARD SUPPLY CO.

Ph. Farm. 1296-J. 28627 Grand River, Farmington East of Middlebelt

Safety Engineering Magazine commends Hudson in an award of... "a leader in the cause of public safety through the design and construction of its motor cars."

The unmatched protection of America's safest car

Hudson's exclusive Monobilt body-and-frame with recessed floor ("step-down" design), shown above. You ride down within this rugged foundation frame. Box-section steel girders, welded into a single unit, encircle the passenger compartment and extend even outside the rear wheels.

If you're going to buy a car in the low-price field, see the

NEW, LOWER-PRICED PACEMAKER

which, for just a few dollars more, brings you all of Hudson's exclusive advantages.

Only Hudson, with America's lowest center of gravity, offers the security of "The New Step-Down Ride"

Your very first view of Hudson's free-flowing lines tells you that here, thanks to its recessed floor ("step-down" design), is the car with America's lowest center of gravity, yet with full road clearance and more head room than in any other car.

The low-built Hudson has a tenuous road-hugging stability and ease of control that helps prevent accidents — all with the added protection of welded, steel-girder construction that encircles the entire passenger compartment.

What's more, Hudson alone provides

Triple-Safe Brakes... the finest hydraulic system with reserve mechanical brakes operating from the same pedal, plus finger-tip-release parking brake.

Behind the wheel you command an alert, high-compression, six- or eight-cylinder engine; and a Curved Full-View windshield and rear window provide unhampered vision.

Come in, see and drive the car that is so advanced in design and quality that it is a leader in resale value, as shown by Official Used Car Guide Books!
