

The true test of civilization is not the census, nor the size of cities, nor the crops, but the kind of man that the country turns out.

**SUNSHINE LADY
TELLS OF CIRCUS
PARTY FOR BLIND**

We live in deeds, not years; in thoughts, not in figures on a dial.

We should count time by heart-throbs. He most lives who thinks best, acts the noblest.

Words something like this were first written by Philip James Bailey. But I'm sure not even Philip Bailey could have known the thoughts shown May 19 on the faces of seven blind boys and six girls students at the Lowrey grade school in Dearborn as they sat through the performance of the Cole Brothers Circus at the Olympia. They were the special guests of Hopalong Cassidy (Bill Boyd).

Box seats weren't good enough for them — they were placed right in front of the stage so they could get the true feeling of circus dust. In special seats set up just for them, the children sat, accompanied by Miss Kay McCoy, Mrs. G. Woodrow and Terry Washburn, who were looking after them.

After the show, they were taken back stage, where the great Cassidy asked if they could "sing" each guest. Left almost speechless as each received a kiss and a photo, it was truly the ending of a great day.

The day started at 8:15 a.m. when Miss McCoy and Mr. Washburn gave a birthday party for two of the children, George Woodrow and Jackie Gebbink on their 10th birthday. Guests included Mr. and Mrs. Shulman, experts in the YMCA.

Blindness is an affliction each of us takes calmly. And common sense rules it should be so. But thank God for such people as Miss McCoy, who arranged plans for the whole day and evening that these children may always feel it's a wonderful world in which we will live.

Perhaps you like to live like great Bill Boyd. And maybe money is very short, as it is with me. But it isn't much of an undertaking if each of us will do a small part to brighten the life of another.

On Monday, May 22, Miss McCoy, on her program, played a very nice beatie song and sent one of those talk-of orchids to Mrs. Jay Smith, Mrs. Charles H. Hough, Mrs. Charles F. Farnham, etc.

In regard to the present question of the lighted athletic field, I would like to submit the following facts and figures. The main necessity for the proposed athletic field is the present condition of the athletic field.

At the end of the 1949 school year, the fund had a balance of \$2,632.00. By the end of the present 1950 school year, it is estimated the fund will be \$103,69 in the red, and the total estimated deficit in June of 1951 will be \$232.69. This deficit is enough to hire a new teacher for a year, or pay another nurse, or buy much needed equipment for the school.

It is recommended that the athletic board is used in the best and most sparing way possible, but the income cannot match the money spent. This deficit is paid up by money from the General Fund. This means that the schools must do without certain facilities. At the rate the athletic field is falling behind within 15 years the schools will be in financial trouble.

Please remember the children in your school are more important than money in your pocket!

Respectfully yours,

A Student
Farmington High School.

In England, Charley is also one of those who must live in a world of darkness. But with your help, it could be less gloomy. He has no family in this country, so your friendship is needed.

Mr. Frank Kidd, 19511 Warden, Detroit, 23, would enjoy a shower of friendly mail. Mrs. Kidd will perhaps be better known in this area as Marie Terrell.

Miss Jo Anne Goit of Milford writes that she wants to send cards of cheer to Mr. Charley. If there are other teen-agers, girls or boys, the same idea, if they will write me, I'll tell them how to start and will give them a list of names and other information.

The Sunshine Lady,
1131 Columbia,
Detroit 23, Michigan

P.S. Please take the time off your busy schedule and write to me. Justice! Mail is still being sent to them, and as they are no longer with us, this is hard on their families.
