Once Again . . .

the question of more adequate fire protection for the Clarenceville area has come up for action by the Township Board.

The Enterprise, and we know the residents of Clarenceville, sincerely hope that steps will be taken this time to make it a reality. Closer fire protection in this heavily populated section of the township has been urgently needed for some time. The equipment is available and men have already volunteered to man the truck. There is no doubt but what much damage and possible loss of life could be eliminated by placing

the truck. There is no doubt but what much damage and possible loss of life could be eliminated by placing a fire unit right in the area.

With the ever-increasing growth of this community, a full time fire fighting department is needed. The majority of the communities around us have some full time firemen on duty at all times. It does cost money, but the valuable minutes saved means much to the residents. It is reassuring, if nothing else, and unfortunately it would have meant much more that that to some of our people who have experienced a bad fire.

Repeatedly Farmington's volunteer firemen bayes

perienced a bad IIP.

Repeatedly Farmington's volunteer firemen have been commended for the fine job they have done. In the new township fog fire truck they have a fine piece of equipment. If both the firemen and the equipment are to be used to best advantage, speed in getting to a fire is essential.

In getting to a life is essential.

Now is the time to plan for such a program, so that it can be executed as soon as possible. It can be accomplished through the joint efforts of both the township and the city. It is this kind of cooperative planning that spells progress.

Throwing A Scare . . .

into the American people was not President Truman's purpose last week, we are sure, but that seems to have been the result.

While he pleaded against hoarding and scare buying, he warned that controls and rationing might be necessary. While indicating that we had plenty for civilian use, he stated that industry would have to convert to considerable extent at least to military. to convert to considerable extent at least to military production.

We agree with President Truman that action must be taken to alert the nation to the seriousness of the situation. We agree also that maximum aid must be mobilized at once to protect our forces now fight-ing in Korea and prepare for any eventuality. That means all-out cooperation on the home front as well

ing in Korea and prepare for any eventuanty. Into means all-out cooperation on the home front as well as the fighting front.

However, we can't agree with the "keep calm, get scared" theory. We must be firm and alert. If America is to remain calm and effective, scare tactics must be minimized, not emphasized. The people must know the facts, and they must prepare, but much of the hysteria can be averted by quieter tactics. The nation is united in this effort to stop Communist aggression. We are all conscious of the job to be done. But if it is to be accomplished effectively, direct calm action is necessary. Our government, our radio stations, our newspapers can do much to speed the job to be done through truthful and impassioned coverage of events. Hoarding, profiteering, scare buying are valuable aids to the enemy. They can and must be minimized by common sense.

Wild speculation tossed haphazardly at the people only accelerates our ineffectiveness at home and on the fighting front. We have a job to do, let's do it like Americans — calmly, effectively and united.

In The Big Pow-Wow . . .

over the proposed Southern Oakland County Hospital near Birmingham, we haven't heard a whisper about the southwestern section of the county. We still are in' Oakland County, and there are a lot of people over this way. Although generally we are a healthy lot, occasionally one of us gets sick or injured—and it's a long way to a hospital. Our doctors have kind of a rough time, too. Seems they spend a lot of valuable time going and coming.

Then again — maybe we are just partial — but we think we have a point.

Paul Gave America Christianity

Paul Gave America Christianity

PAUL'S journey into Europe from Asia, prompted by wislom, was the vital beginned by mislion, was the vital beginned by mislionaries who distantiantly. We owe the eventual spread of Christianity to America to Paul's zealous obedience to that man of Macedonia, who appeared in Paul's december a saying, "Come over and help us? "Come over and help us?" ("Come over and help us?"). "Come over and help u

WARNED OF ATTACK
Though the state department has been setting all the brickbats for past Far Eastern failures, the insafethur, perhaps because it was story of what happened in Korea makes the diplomats look a lot plantippine invasion.

Not only is Korea only about the American between the control of t

into 3 in minimum, so spot 10 the better than the U. S. Allillary. In the constant of the cons

state department. How badly U.S. military chiefs were caught off base is shown by the fact that just before the trouble Undersecretary of Defense Steve Early left for a three-day trip in the Middle-west, while several high officials took a pteasure jaunt on a boat off Norfolk. In fact, Secretary Johnson and Concrat Bradley joined to the Control of t

Norfolk. In fact, Secretary Johnson and General Bradley joined
them later.
On the other hand, state department expert Ambassador John J.
Muccio came to Washington over
a month ago and privately warned
that Korea was in danger of attack,
At first he had hard stedding. The
joint chiefs of staff said they had no
warning from MacArthur, who is
supposed to keep an eye on Korea.
However, Ambassador Muccio etta
licential troop concentrations in the

By GENE ALLEMAN

Let's write to Stalin!

This suggestion is made by Cari M. Saunders, editor of the Jackson Citizen-Patriot who won the pulit-zer prize for the most outstanding newspaper editorial in 1949. We quote:

All over America Communists an ullible stooges are circulatio peace petitions."

"Peace petitions."

The petitions are phony because they assume to ask for outlawing the atomic bomb, although it is Russia which has blocked efforts of the United Nations to set up an honest program for control of atom-

They are phony also because they pretend to have the backing of the United Nations and Trygve Lie, secretary, although both the UN and Mr. Lie have condemned the North Korean invasion of South Korea.

scores.
Why not offset that score?
We Americans believe in peace.
We didn't want to go into Korea.
In fact, we got out once.
We are fighting today under directions of the United Nations and under the flag of that world-wide

Let's write to Joseph Stalin, premier of the Union of the So-cialist Soviet Republics, telling him that we're for peace and asking him to cut out the dirty work and

oin up.
Isn't that a good idea?

Each of us write a postcard to:
"Premier Joseph Stalin; care of
the Russian Embassy, Washington,
D. C."
On that postcard we could say

Probably you can write a better postcard note than that. You can say that you don't want your boy or your neighbor's boy to have to fight; but you want Stalin to know (Continued on Page Eight)

FORTY YEARS AGO (August 5, 1910)

Cut Rates On Licenses

Reduced prices now prevail for Michigan automobile licenses, the Secretary of State announced this week. By direction of the Automobile Law, costs of licenses were cut from \$3.00 to \$1.50. These prices will prevail until the end of the year, when the new licenses must be purchased. Approximately 16,000 licenses were issued the first half of the year at \$3.00 each and it is expected that the sales will be small for the remainder of this year.

Notice

I will be at the office of Fred M. Warner every Saturday afternoon until August 20 for the purpose of collecting the village taxes, after which date 2 per cent will be added for collection of same with the date of the same of

FIVE YEARS AGO (July 26, 1949)
Post Office Advanced To First Class
The Farmington Post Office has recently received a first class
rating, according to a report made by Norman Lee, postmaster. This
permit became effective July 1, 1945. From the new permit it is expected that a survey will soon be made for additional help. The Post
Office obtained a second class permit in 1937.
