

Senior Starlight**School Adds New Music Director**

The first personality interviewed in this column is a newcomer to the school. She is pretty Mary Lou Zettell.

Mary Lou is 17 years old. She was born in Detroit, Michigan, on May 28, 1933. She has light brown hair and dark brown eyes. Mary Lou measures 5'5".

Blue is her favorite color. If you bear her name, you probably know it is her favorite color. Naturally, everyone has to have a favorite color, and Mary Lou's is shorthand. Maybe she wants to be a secretary. Who knows?

Mary Lou's favorite sport is boxing. This is due to the fact that her steady beau holds the Golden Gloves title of Detroit. Competition looks pretty strong here, fellas!

Squirrels Are Plenty Smart

Throughout the summer and fall squirrels are mighty busy. These provident animals obtain and store ample stocks of winter food. Then when winter comes they are ready for it.

Providential householders also prepare for winter during warm months by filling their fuel oil tanks from our presently ample stocks. This in turn, permits our bulk station to maintain a full supply of oil for distribution later.

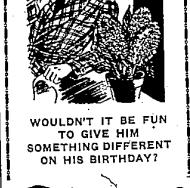

To insure oil heat all winter it is necessary to keep a balance between the oil supply and the season's demand — therefore it is vital that your tanks and ours be kept full at all times.

May we fill
