

Keeping farm records, like brushing one's teeth, should become a daily habit. MSC agricultural economists recommend.

Mr. and Mrs. Harley Dix and sons spent New Year's Day at the home of Mr. and Mrs. Howard James in Redford.

The Trojan Banner

EDITORIALS

January, 1952. The first month of a new year. Is it not fitting that this month should be dedicated to giving others a new lease on life? Yes, this month has been dedicated to the March of Dimes. The March of Dimes is sponsored by the National Foundation for Infantile Paralysis. During this month you will see chapters and posters advertising the fight against this dread disease. This is the only chance the Foundation has to solicit for funds. The only chance to gather the funds they will need for the coming year.

Supposing one of your family was stricken tomorrow with infantile paralysis, could you take care of him? The attention and care a patient must receive ranges in price from 14 to 54 dollars a day. Very few of us can afford to pay this without going into debt. Isn't it much simpler to donate a dollar, a dime, a quarter now? Your money will be well used for you will not only be helping others, but you will be safeguarding yourself. So give — a little or a lot — to the March of Dimes.

Clarenceville Student Pictures Arrive

"Oh, Gee!" said most of the Clarenceville High School students when they heard that their pictures were to be taken. The big day came and everyone looked like a million. That was a big day for all. Some thought they would get out of tests through this, but that never was more than a wish. You walk in, someone tells you to sit down, you're half way down and the man says smile, you smile, click! You are then pushed out the door. There you stand, trying to figure out what happened. This all took place in November.

Wednesday, December 19, came and the pictures arrived. After taking one look, everyone said, "This is me!"

The photographs were taken by the National School Studios of Minneapolis, Minnesota. The kit included twelve friendship size and two enlarged photographs. Although most of the students bought the kit of pictures, no one thought the pictures were as good as the ones taken two years ago.

GAA PROMOTES SPORTS CAMPAIGN FOR RECRUITS

The G. A. A. is promoting a sports campaign in order to get more girls interested in sports. The week of January 7 is "Sports Week" and is being devoted entirely to advertising and showing the girls how much they miss by going straight home every Tuesday night.

All G. A. A. members were asked to make posters to start off the "Sports Week". These posters were hung throughout the school on Monday, January 7.

On Tuesday, point sheets were handed out to all girls who wished to become G. A. A. members.

On Wednesday, these girls received a questionnaire, asking them which sports they enjoyed most and whether they liked individual sports or team sports.

On Thursday, an assembly is being held in the gym explaining how to make out the point sheets, and to answer other questions the girls may have.

Friday the point sheets must be handed in, either to Bev Shaw, Pat Nagle or Shirley Marech. These girls will total each girl's points.

Reserves Chalk Up Second Win Of Season

The Clarenceville Reserves won their second game of the season by defeating Inkster-Roosevelt in a hard-fought game 22 - 19 Friday night. The Reserves fought through on even terms in the first period with the score at the end of the period 5 to 5. Pat Killean scored three points and Roy Zaritz two.

Inkster took the lead in the second period, tallying four points to the three by the Trojans. Trojan scores were made by free shots by Meyers, Gallaway and Merians and produced the score at the half 8 to 3. The Trojans tied it up in the third period on free shots by Gallaway and Phillips with the Reserve defense holding Inkster to two points.

Clarenceville took the lead in the fourth period, outscoring Inkster 13 to 5. Merians scored four and Zaritz three, Phillips and Meyers scored two each. The final score was 22 - 19.

SENIOR HI-LITE

A Christmas baby? Or almost a Christmas baby. She was born on December 23, 1951, because she wanted to be there when Santa Claus came.

She grew up fast! She stands 5' 3" tall and has brown eyes and brown curly hair. She loves to ice skate and has no hobby to speak of. She doesn't admit having a special friend, but maybe he's a secret, too.

Her favorite record is "Tell Me Why" by Al Albert and the Four Aces, so whenever she puts a nickel in the juke box, you'll know what is going to come out.

If you're still wondering who she is, her name is Lola Timmons and her main ambition is to graduate. Need I ask? She intends to do office work after she graduates, but she didn't say anything about getting married. Oh, well, things like that take care of themselves. D. G.

It's a bird — it's a plane — it's a love crunchie wunchies — oh, she's only Ray Wellman, our senior hi-lite for this week.

How did I come to this conclusion? Well, he can't be a bird because he eats like a horse and the things he eats a bird wouldn't touch. He loves plain potatoes and pickled cauliflower, hates lemon meringue pie and boiled cabbage. He's crazy, I tell you! Ray could not be a plane because he can't fly and to be a box of crunchie wunchies his crunchies would have to wunch and they don't, so there. His Hi-Lite stands 71 inches (5' 11") tall, he tips (?) the scales at 2618 ounces (163 pounds) and owns a toupee of dark brown hair and two hazel eyes.

This lad wants to wear an old pair of overalls, beat-up shirt and a straw hat when he graduates because he's going to go to agricultural school and be a farmer. Then he can raise his own pickled cauliflower.

Ray is a marked man. He's going steady! He's been hooked for ten months now. What's his excuse? He says, "My resistance is low."

Ray gets a big kick out of calling Mr. Selke "Admiral", listening to the song "I Love You So Much It Hurts Me" and watching Dean Martin and Jerry Lewis clown off. Maybe that explains why he and his bosom buddy, Gary Rozenboom, are such good replicas of those two

Cheerleaders To Give After-Game Dance Jan. 11

The cheerleaders of Clarenceville High School will present a dance in the high school gymnasium on Friday, January 11, after the Clarenceville vs. Holly basketball game. Refreshments will be sold at the game and dance by the Girls' Athletic Association. The dance will be directed under Miss Betty Myers and all committees will consist of the cheerleaders, who are Annie Alton, Mary Gashman, Joy Garbin, Meribah Meyer, Nancy Moore, Pat Nagle and Dorothy Riddell. N. M.

Plan Music For Concert

The band is now working on music for the All-League Band tryouts. When the band is chosen, it will give an evening concert here at Clarenceville on February 19, at which there will be an admission charge.

Many characters. Oops, I forgot to tell you that he has a swell personality and even though a triple nutty, we all agree that "We like it, we like it." M.M.
