Costs Less to Buy

List prices of Chevrolet trucks are lower than comparable models of other makes. As the world's largest manufacturer of trucks, Chevrolet takes advantage of production economies to pass substantial savings on to you! Your capital outlay is lower when you buy rugged Chevrolet trucks.

Saves Money on the Job

Chevrolet trucks save money over the miles with proved features that cut operating and maintenance costs: Valve-in-Head economy, 4-Way Lubrication, rugged Hypoid rear-axes, channel-frame chassis, Ball-Gear Steering, Sync-Chrome Transmission and others.

Right Truck for Every Load

Your first interest in a truck is: "How well will it do the job?" That's where Chevrolet trucks have it, because they're factory-matched to the payload—tires, axles, chassis, springs, engine, transmission, brakes. You get as much truck as your job calls for.

Keeps Its Value Longer

It's a fact. Chevrolet trucks keep their value longer to bring you traditionally higher values. That means two things to you. It represents real, substantial dollar-and-cents savings at trade-in time. And it puts a clincher on the extra value and ruggedness built into every Chevrolet truck.

AMERICA'S truck users buy on down-to-earth facts, not fancy phrases.

That's why more of them buy Chevrolet trucks than any other make... nearly as many as the next two makes combined!

What they get for their money is a rugged, sturdy, dependable truck that's factory-matched to their job and payload.

Right power—with 105-h.p. or 92-h.p. Valve-in-Head engine.

Right capacity—with a Chevrolet-built chassis and body, or chassis for special body, that can really "take it."

Right price—with savings in purchase and a record of savings on the job that can't be topped.

Come in and let's get down to cases on how a Chevrolet truck can cut your hauling or delivery costs. You can't make a better buy—to save your money!
