

**Noble P. T. A. To Hold Card Party Friday**

This Friday, February 15, the Noble Parent Teachers Association is sponsoring a card party to begin at 7:30 p.m. at the Middlefield School.

According to Mrs. Harold Byron, chairman of the party, the proceeds are to be used by the P. T. A. to further student activities in the Noble area. Tickets for the party may be secured from members of the Noble P. T. A. or at the door the evening of the party. Refreshments will be served.

**Extension Group Gets Pattern Change Lesson**

Twelve members of the Farmington Eldest M. Extension group met in the home of Mrs. R. Platz to get the lesson on the alteration of patterns. The next lesson, bound book and slipper finishing, will be in the home of Mrs. P. Van Camp March 20.

**ROLLING DOWN THE RIVER**

By Bob Kettler

A fellow lounging around on the sunny beaches of Florida took time out to drop us a line about the column. He said he wanted to tell us a story, but we figure he just wanted to make us feel bad, considering the weather we've been having. Besides, we think we told the story before and the only stories we repeat are those we forget we've told... unless it's extra good and we can't think of anything else. But he's in Florida so we'll tell of an Eskimo traveling the country with a road show. His wife, they tell us, had an incubator baby the other day... only they had to keep it in the refrigerator.

Rugged people, those Eskimos, if they happen to be in the right climate... but the right climate for the new Studebaker for '52 happens to be on the road or in your garage, or in front of your house, in case you don't happen to have a garage at the moment. No matter where you are, or what the weather, this rugged new Studebaker won't mind it a bit. Easy starting, tremendous power, suave beauty, they're all yours in the V-8 Commander. You will thrill at the thrill of the car too... and if it happens to be the new Champion, you'll be amazed at all those extra miles that come out of an ordinary tank of gas.

Well, they tell us that the mid-semester exams are now past and we even heard tell of one youngster that complained bitterly about the unfairness of his teacher. "Dad," said he, "she had me marked as... dumber than last period and you yourself told me that that was impossible."

They tell us that spring is full of kisses and June is full of Mrs. and whether you're young or old, you'll want that car in perfect mechanical condition. There's nothing that can take your mind off the subject at hand easier than an ailing motor. We respectfully suggest that you bring that car of yours in for a motor tune-up and all around lubrication. It's taken quite a beating the past several months and certainly needs a bit of help along about now.

That's that and we'll close this week with a bit of advice to newswriters... when you start to feather your nest, be sure that you have enough down.

Yours,

**ANNOUNCING OUR 45th (SAPPHIRE) ANNIVERSARY SALE**  
Friday, FEBRUARY 15th Through Saturday, MARCH 1st

Dear Friend,

This is a personal invitation to you to help us to celebrate the beginning of our 45th year of service in this community.

To commemorate this anniversary we are making very substantial reductions on all the merchandise in our store. But more than that, we are giving away without obligation a large beautiful sapphire to 45 lucky visitors at our store, during this event.

All you need to do is visit our store and register for the drawing to be held on March 1st at 9:00 P.M. It is not necessary to be present for the drawing. The jewels will be sent to the winners, by registered or insured mail.

We urge you to come in and inspect the outstanding values we are offering. Our usual credit terms are available for extended payment purchases if desired.

Don't forget you can be a winner.

Sincerely,  
**Nelson C. Schrader**
