Little Lady Deb

BUBBLE BATH

Designed especially for the budding deb, this wonderfully scented Bubble Bath is topped with the perfumed daisy. At the center of its petals is a yellow cap which hides a magic treasure of solid perfume. The daisy may be detached and worn as an attractive accessory on the dress, or carried about in the handbag for daylong glamour.

Orchard Methodist W. S. C. S. Holds Meeting

The Orchard Methodist W. S. C. S. held its regular business meeting, March 6, for its regular business meeting. Mrs. Leroy Lord called the meeting to order and the group sang "Sweet Hour of Prayer".

The next social meeting will be in the home of Mrs. Ivan Hoskinson, 32667 Clairview Drive, March 20 at 8 p.m.

There is to be a Dutch Maid demonstration Thursday, March 13, starting at 8 p.m. in the church. The regular church potluck supper is to be held in the church March 27 starting at 6:30 p.m.

IT'S A GIRL!

Mr. and Mrs. William Liebig of Whittby Road announce the birth of a daughter, Joanne Elizabeth, March 5. Mrs. Liebig is the former Irene Morris of Farmington Road.

Mr. and Mrs. L. G. Mench returned to their home on Eight Mile Road after a month's vacation in Florida.

Sierens - Copeland Wedding Vows Spoken In California Ceremony

Mr. and Mrs. Edward Sierens of Farmington announce the marriage of their daughter Barbara Irene to Raymond Copeland in St. Mary's of the Angels Church, Ukiah, California, Sunday, January 20, 1952.

The double ring ceremony was performed by Rev. Fr. Celestine Quintan. The groom is the son of Mr. and Mrs. W. V. Copeland of Laurel, Mississippi.

Wearing a ballerina length white nylon lace strapless gown and a fingertip length veil fastened to a Juliet cap of seed pearls, the bride was given in marriage by her brother Edward. The bride's flowers were white carnations. Because of the distance and weather, the bride's parents were unable to attend.

Gloria Pácin, maid of honor, wore a pink nylon lace gown. Grady Lee from Mississippi was best man.

Proceeding the nuptials, Mrs. Lorene McKee played music of Panis Angelicus and of Gounod's "Ave Maria".

IT'S A BOY!

Mr. and Mrs. Gerald Banfield of 20833 Kenwood announce the birth of a son, Douglas Alan, Thursday, March 6, at St. Joseph's Mercy Hospital in Pontiac. Douglas weighed seven pounds nine ounces.

Ave Maria on the console. After the ceremony and reception the couple left for a three week honeymoon in the south. The bride attended the University of Michigan and has been a member of the office staff of the county road commissioner in the Mendocino County Courthouse. The groom, a graduate of the University of Mississippi where he was affiliated with Pi Kappa Alpha and Delta Sigma Phi, is employed by the Masdonite Corporation.

Mildred A. Fairley

Five new members were initiated into membership of the VFW Auxiliary 4033 Wednesday evening, March 5, at the Town Hall. We had the pleasure of welcoming Kathryn Pershing, Lucille Schriber, May Yakes, Lorna Rice and Mary Sparrow.

Four members of the South Lyon auxiliary and Edna Sims of Walked Lake, who is Oakland County Council President, were our guests March 5.

Nomination of officers for the following year was made. A visit in the near future to the Chittenden Hospital was planned by Americanism chairman Elizabeth Tardy. Mildred Fairley would like to thank members for cards and calls during her recent bout on the ice which injured her back. It's so nice to be remembered. Myrtle Rayner also fell on the ice. Please remember her with cards also. Mrs. Stewart, our president's mother-in-law, has been ill and confined to bed since December 11.

U-M WILL START SUMMER SESSION COURSES JUNE 16

Fourteen schools and colleges of the University of Michigan will offer classes during the Summer Session which begins June 16, University officials announce.

As during past summers, special conferences, institutes and symposiums will be held, according to Professor Harold M. Door, Summer Session director. These will include: a conference on housing and living arrangements for older people; a symposium, supplemented by plays and art exhibits, on modern views of man and society.

Floral Park Civic Association News

W. L. BURKE
Phone Farm. 1050-J

Are you interested in residing in the middle of a sun-baked desert the next twenty or thirty years? Remember when you were house-hunting just before you decided to buy in the Floral Park area? Remember all of the dusty, hot, shaded, barren subdivisions you tramped through? Remember also how pleasant our little subdivision looked with its tree-lined streets and sprightly, lovely lawns? It even looked nice while in the midst of the mess that only contractors can create. The trees were one of several things which influenced our family's decision to purchase in this area.

That soft maple in front of your home and the maples that line your side of the street stand a good chance of dying unless you take the time to do something about the blight with which they are all afflicted. Your trees (not only the ones on your land — not only the one in front of your place — but all the trees that go to make up — the attractiveness of your street — your subdivision — your city) are afflicted. Very few have escaped.

Six separate groups of tree specialists have, during the last week, examined the trees in the subdivision — they were asked to do so by your Civic Association. Although each group quoted different prices and though each had a slightly different idea of what treatment should be given, they all agreed on one thing — the trees have what is known as "Oyster Scale" and "San Jose Scale" as well as "gall" (caused by a sucking insect). We have consulted the Michigan Department of Conservation, and have obtained the opinions and bids of tree specialists. Consistent in all of the reports is that the trees must be sprayed with a dormant spray in early spring and in mid-June with a contact spray. It was also recommended that the trees be trimmed, but they must have the spraying treatment — that is, they must have this done if you want to keep them. In this diseased state they will not live more than four years. The specialists agree that most, if not all, can be saved and be made beautiful.

Members of the Civic Association will be around to see you between March 15 and March 24, at which time they will ask you to pledge a contribution to a fund for the treatment of the trees. Please receive them and hear what they have to say — remember this is for your benefit — whether you have a tree in front of your house or not. The value of your property is considerably enhanced by the presence of the many trees in your block and in the subdivision. It is your concern. A little effort and a little expense can keep the trees, but it will take a large expense, a lot of time and considerable effort to replace them if they die.

At the time we contact you regarding this matter, we will also discuss with you this business of that pint of blood you'd like to offer that soldier in Korea. If it wasn't so much trouble. We will tell how we are going to make it easy for you to contribute, with very little inconvenience involved. We are going to ask you to pledge your support of the Farmington Blood Bank — support by action — not by lip service. We want your pint of blood, and we are sure you'll cooperate if we show you how easily it can be done. Help us to help others.

Big doings are in store for Liberty Tent Hive 1027 of Farmington. There will be a bake sale at the Detroit Edison Company office on Grand River Avenue March 14. In the tempting array will be pies, cakes, cookies, baked beans, home made bread, etc. The sale is under the supervision of Doris Brown, aided by Irene Farnsworth and Carol Casselie.

On March 17 there will be a potluck party in the home of Mrs. Sailer of 23400 Power Road. This is a "bring what you have" party and we may have a surprise in what we have to eat. But with good cooks it is bound to be delicious, even if it all turns out to be dessert. Games will follow. The dinner starts promptly at 6:30 p.m. The public is invited.

Mrs. Rayner of Middlebelt Road has been confined to her home this past week.

HOME ECONOMIST GIVES SPRING CLEANING TIPS

Sparkling windows and clean blinds can give you a new lease on life. Since windows come in for special attention during these spring housecleaning days, Marjorie Knoll of the Michigan State College home management department has some tips.

Mrs. Knoll suggests washing the windows with an effective solution such as two tablespoons of vinegar or ammonia in two quarts of warm water. For the polishing be sure the cloth is lint-free, or try using paper toweling or tissue paper.

The home economist suggests a soft-bristled hand brush for dusting window shades as part of routine cleaning. In the spring, however, a more thorough job can be done if you spread the shade out on a flat surface and dust it carefully. Stains can be removed with art gum if they are not too large. Wallpaper cleaners will work on non-washable shades while thick, mild suds are excellent for washable shades. After applying the suds be sure to rinse with warm water, but do not soak the shade. Best way to dry the shade is to rehang it and pull it down, Mrs. Knoll says.

Venetian blind cords can be simplified if the homeowner will coat each slat with wax to prevent dust collection, she advised. But be sure to let the wax harden for half an hour before moving the slats. The tapes on venetian blinds can be cleaned with cleaning fluid or a thick lather if you use a minimum of water and allow the tapes to dry completely.

Congratulations to Mr. and Mrs. William Rogers on their tenth wedding anniversary, which was celebrated March 9.

Among those that the tin visited was little Susan Joseph of Jefferson Street. She is recovering but is still confined to her home.

Ronnie and Heather McIntosh were thrilled with the beauty of the ice show at the Olympia last week. They were accompanied by their parents, Mr. and Mrs. Jack McIntosh of Orchard Lake Road.

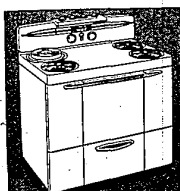

Mrs. Forrest Simms of Walked Lake was a Wednesday evening guest of the VFW Auxiliary at its meeting. Mrs. Simms is the fifth district president of the V. F. W.
