

ROLLING DOWN THE RIVER

By Bob Kettler

Well all we know is that we hear in this spot or another and the other day someone tells us a man and a boy trapped in a barber shop recently. The man says he has an appointment in the neighborhood, so he'll have his hair cut first, which he does. He then places the lid in the chair, tells him to sit quietly and waits.

After a bit the barber finishes cutting the hair of the youngster and so the man hasn't yet returned, consoles the boy saying, "Don't worry fella, your father will be back soon."

"But," yelps the startled small fry, "he isn't my father. He just comes up to see on the street, but he's not my father, he's just some guy who got a free haircut."

Now we're right glad that our customers aren't like that, because we couldn't afford to sell too many Studebakers at such bargain prices. But then again a '52 Studebaker is a bargain no matter what. And when you discover all that extra comfort, extra performance and extra economy that you didn't believe possible, it is like getting the car for free anyway. With all this lovely weather why not drop in for a demonstration... best of all our doctor says we should get out in the fresh air on occasion.

A traveler from N. Y. was telling us of being in the ground floor of a double decker bus. So when the bus stops at a corner a young mother hurries down the steps from the deck with a child in her arms. Placing the child in the aisle she hurries back for another and then a third. When she brings the fourth child down the stairs some joker, trying to catch up on last week's sleep, crumbles, "What does she have up there, a nest?"

Well life is like that and we'd be most happy if you'd let your car carry you around to our shop every 1500 miles for the new grease and oil it needs. Then along about every 5000 miles have one of our expert mechanics give the motor a tune-up. You'll be glad you did, because of the extra performance your car will deliver... and we'll be glad because you've seen you again.

That's that, but a fellow says he overheard a couple of suburban boys discussing girls. Finally the kid in the cowboy hat declares, "Aw nuts, girls are a dime a dozen." And with that, the third man about 10' acclaims prayerfully, "Doggone, and all this time I've been buying cracker Jack!"

Yours,

Yep, the long winter's nap is really over. Children are turning shades of brown and the parents' developing notches in their backs, the result of happy hours in the yard and garden. "Motor-boat-movers" are tuning up and the grass is growing in foot all ready. Down at the end of Scotten Street they're watching their greens come up and already tasting green onions and early peas!

A lame back had Carlisle Haig of 2927 Dresden Street right down in bed last week. "They're hoping his trouble is no more than a "spring occupational disease." Mrs. Dan Elliot has a dislocated shoulder to show for her spring activities, but she's being mighty thankful that she has no bones to mend. Too many trips from house to yard one beautiful day, but the week caused her a trip to Providence Hospital, after a bad tumble.

Entering Redford Receiving Hospital Monday morning, after two weeks' stay was ten-year-old Jeff LaFollette, son of Mr. and Mrs. T. J. LaFollette of Dresden Street. Jeff was climbing a tree when he tumbled and tore his arm badly. A skin graft operation was necessary to start the wound healing. A sad way to spend the first wonderful days of spring, but we hear he isn't minding too much his vacation from school.

Are you going up to Clarenceville High School tonight, by the way? A lovely flower show, starting at 7, will be presented by the Band Boosters Mothers and they have invited florist Harold Wright to instruct on floral arrangements and table decorations. One of their favorite cake sales will top off the evening.

Three candles were on the birthday cake at the George Howard residence at 2938 Scotten Street Saturday as son Michael began another busy year. Year-old sister Shirley joined celebrate this year and also joining the fun at a five-hour-afternoon "tea" party where Gary Hasley, Karen and Karla Sander, Deanna Eckert and Stella and Edward Hopkins.

Monday was a day to celebrate for the Donald Ruffs of 2890!
