### Veterans Urged To Fight Passage Of Senate Bill

Commander George Dempsey, Farmington V.F.W. Post, stated Tuesday that U. S. Senate Bill 1140, a bill designed to create a new department of health, will be considered by the Expenditure

the oill, because it would consolidate the Department of Medicine and Surgery of the Veteran's Administration, all hospitals of the V. A. and all V. A. facilities for out-patient service in the one general Federal Department

out-patient service in the one gen-eral Federal Department of Health. The administration would also he consolidated. Veterans are urged to write to heir Congressmen or Senators calling for the defeat of the bill. Senator Blair Moody of Michigan is a member of the Senate Commit-tee which is considering the bill.

### New Wafer Is Answer To Waistline Problems

With 25,000,000 Americans o public that "your waistline is your

public that "your wasttine is you. Ittlefline".

One of the few people in this country who can say "I told you so" is Ann Delafield, famed reducting expert and beauty authority. As head of an tor of a numerous articles of expert guidance on the subject. Miss Delafield molds what must be the world's record for master-minding the disappearance of literally thousands of tons of unsightly, unhealthy, and certainly unwanted fat.

gnawing hunger at or between meals.

Mahlon Bradley and Maxwell Smith, Farmington area Rexall druggists, announced this week that the new Ann Delafield Appetite Reducing Plan has arrived Company releasing this plan simulations of the plan simulat

University of Michigan architect asserts.

There are practical way to be imminate these vexing problems, according to Herbert W. Johe, assistant professor of architecture. If you have a dirt floor, your first step will be to determine kow much moisture is present by putting a plees of tar paper on the floor. Leave it there a few days, then check to see if moisture has collected on the bottom side. If no moisture is evident, concrete slabs can be laid immediately.

If moisture has collected, the floor would be a good processory would be a good processory when the concrete slabs can be laid immediately.

If moisture has collected, the following would be a good procedure for laying concrete slabs. First, make sure the ground surface is level and solid. Then lay a rapor-seal type paper on the floor, lapping all paper Joints six inches and sealing the Joints with tar. Put four inches of gravel on the paper. Gravel is a fine base for concrete slab because it will take up moisture and allow for evaporation. Finally, lay another layer of vapor-seal paper the same

way. you're ready to lay the Business Women's Club four-inch concrete slabs. But To Install Officers May 19 ing.' At the wall points be sure

ing. At the wall points be sure to allow for expansion by inserting dense aphatum type expansion strip there.

Ing dense aphatum type expansion with the concrete until it has 'cured' completely. To determine when the concrete informine when the concrete informing the control of the control

## Trojan Nine

(Continued from Page One) and came home on Grose's single. Meyers their walked and both Grose and Meyers advanced on Whyte's grounder. Rutila came through with a timely single, scoring both Grose and Meyers. Milford added thair last two runs in the seventh inning but were unable to overcome the big Trojan lead. The big sticks for Clarenceville were Jose Whyti with three hits and Bob Grose with two hits.

We can do nothing well with-out joy, and a good conscience which is the ground of joy.

### Henry Green Injured In Auto Accident
