

Novi News

By MRS. GEORGE WAITE

Mrs. Lillian Trickey and Mrs. Lape Bell gave a kitchen shower at the home of Mrs. Trickey last Monday evening for Miss Doris Wendland, who will be married to Harry Bowers Saturday, June 14.

About 75 Rebekahs attended a potluck dinner with the boys at the Blue Star Mothers Rehabilitation Camp at Indian Lake.

The Past Noble Grand of Novi attended an association meeting in Ferndale Monday.

The WSCS will meet at the Methodist Church Wednesday, June 18, with Mrs. Wendell Crum and Mrs. Leo Harwood as hostesses. Those attending are to bring sandwiches and come prepared to sew on cancer pads.

Mr. William Hanson, Sr., who spent ten weeks at Mt. Carmel Hospital, has returned home and is gaining rapidly.

The Rebekahs held a father and son banquet Wednesday evening.

Mrs. H. A. McIntyre will attend the Department of Michigan Blue Star Mothers of America Executive Board meeting in the YWCA Building in Flint Thursday.

LOCALS

May 8 a daughter, Janice Marie, weighing six pounds ten ounces, was born to Mr. and Mrs. William Brown of Romulus, making the count of nine grandchildren for the Albert Browns on Shilavasse Road.

Mrs. Nelson Vanderburgh will attend the Blue Star Mothers Rehabilitation Home Board meeting in the YWCA Building in Flint Thursday, June 12.

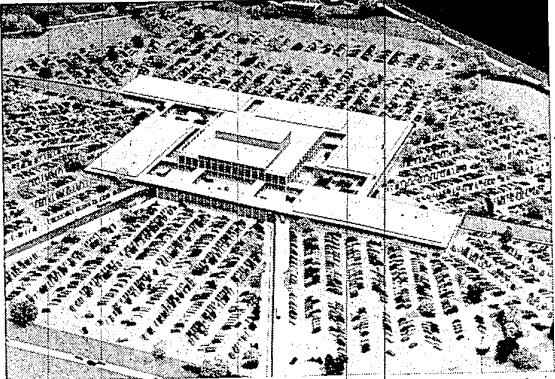

Prc. Albert (Mickey) Brough of Alabama is spending a 15-day furlough with his parents, the Harry Broughs, on Eight Mile Road.

The Blue Star Mothers of America, Farmington Chapter 49, held their June luncheon and card party in the Town Hall Wednesday, June 11, at 1 p.m.

The regular business meeting of the Blue Star Mothers will be held in the Town Hall Thursday, June 19, at 1 p.m. Delegates will give the convention reports at this meeting. Every Blue Star mother is requested to attend this meeting and hear the reports.

A Blue Star Mother's bake sale will be held Saturday, June 14, at Zehnder's Meat Market on Grand River.

Go-ahead signal has been given by the National Production Authority for construction of Northland Center, huge ultra-modern regional shopping center which will be unique in Michigan retailing. The J. L. Hudson Company's \$20,000,000 project will occupy 161 acres of a 400-acre site in Southfield Township, Oakland County, 14 miles from downtown Detroit. Hudson's, the world's second largest department store, will establish its first branch at the central unit of the nearly 1,000,000 square feet will be 70 tenant stores of many types in Northland Center. Parking lots will accommodate 6,000 cars. Schedule calls for completion of the Hudson branch in spring of 1954. Over 450,000 people live in the Northland Center trade area, fastest growing section of Metropolitan Detroit.

CAR SNARL ACCIDENT MAY PRESENT PROBLEMS

Got a headache? Think of the snarl the insurance companies may get into with this one. They're sure got possibilities.

According to Farmington City Police, Henry Zilneski of 1278 Marie Road at Walled Lake, was going west on Grand River between Lilac and Violet Streets last Thursday at 7:30 p.m. when his car struck a parked car and started a string of parked car collisions.

Zilneski was taken to the Main Receiving Hospital in Detroit with what City Police described as apparently minor physical injuries. The car which Zilneski's auto hit, according to police, was the parked vehicle of Chester Eugene Patton of 14515 Griggs, Detroit. The Patton car was pushed into the parked car of Arthur Bentley of 20744 Van Buren, Detroit, which was pushed into the parked car of George Cupps of 18824 Brady, Detroit, which in turn was pushed into the parked auto of Ernest Patton of 600 Allen Avenue, Ferndale. None of the parked cars was occupied at the time, police reported. The cars were damaged sufficiently to require a tow truck to take them to the garage, police indicated.

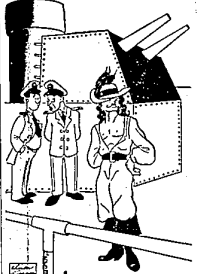

Who is going to pay the repair bills? That's one for the insurance companies to figure out!

JOSEPH DeVRIENDT RECEIVES W. V. II MEDAL, CITATION

On February 1, 1944, Pfc. Joseph DeVriendt, Jr., was awarded the Bronze Star for meritorious achievement in ground operations against the enemy in the India, Burma Theater. Last week he received the citation and medal.

Included in the box were medals and ribbons from the various theaters in which DeVriendt had served. He was a member of the 476th Infantry in the India, Burma Theater. DeVriendt was discharged with the rank of T-5. He is the son of Mr. and Mrs. Joseph DeVriendt, Farmington.

Another son, Corky, has just recently been promoted to the rank of Sergeant. He is stationed at Blixt Air Base, Mississippi.

"He's from one of those old Navy families steeped in tradition."

OVERHEAD COSTS OF EQUIPMENT CUT FARM PROFITS

"Overhead costs of owning a lot of high-priced farm machinery can eat up the profits of a harvest season," R. L. Maddox, Michigan State College agricultural engineer, reminds farmers of the state.

"On the other hand, failure to plant or harvest a crop at the right time because of a lack of the right machinery can greatly reduce the cash farm income," he points out. That makes ownership of farm machinery largely a problem of individual management — there needs to be some balance between expenditures for machinery and cash income.

Maddox says there are several factors to take into consideration in deciding how much machinery to buy. They are volume of business, labor available, availability of custom equipment, physical handicaps and pride of ownership. The MSC agricultural engineer explains that volume of business and pride in ownership often go together. Purchase of a new 3-plow tractor may be necessary to increase the tillable acres on the farm, even though the purchase might not be justified from the standpoint of present income.

Costs per hour for using farm equipment decreases as the number of hours of use increase. Farm tractors should be used in the neighborhood of 500 hours per year to reduce the hourly overhead cost to an economic level, Maddox believes. Other farm equipment should be used in the neighborhood of 100 hours per year.

Mr. and Mrs. Robert Kellogg and children of Filmore Avenue were last Sunday guests of relatives in Battle Creek.

Mr. and Mrs. Carl Johnson of Filmore Avenue spent last week end with relatives in Sturgis, Mich.

Mr. and Mrs. George Robbins from Detroit were Decoration Day guests of Mr. and Mrs. Francis Wagner of Westmore.

Mr. and Mrs. Jesse Ziegler and Mr. and Mrs. Gerald Ziegler with their two small daughters spent last week end at their summer home in Houghton. Mrs. Jesse Ziegler stayed over.

Decorations Day guests of Mr. and Mrs. Charles Hall of West Seven Mile Road included Mr. and Mrs. Clarke Bonar from near Northville and Mr. and Mrs. Ralph Hamilton from Detroit.

Mr. and Mrs. Arthur Hall from Ann Arbor were last week end guests of Dr. and Mrs. Edmonds of Merriman Road.

Friends of Chuck Bonar, now serving with the armed forces in Korea, learn that he may be home in another month or so in accordance with the rotation system.

Members of the Middlewood family in this community report that their sister, Miss Esther Middlewood, well known in education circles, has returned home.

Pierson School pupils were mixing pleasure with education this last week. Monday the kindergarten-ers visited the zoo. Mrs. John Varhol and Mrs. Posned were among the mothers accompanying them. Friday, the fifth grade visited Belle Isle and the fifth grade went to Greenfield Village.

Mr. and Mrs. John Varhol and family of Shady Side Avenue spent Saturday at Walled Lake and enjoyed some fishing.

A foot infection has Mrs. Margaret Buckingham confined to her home this week end.

Measles is just now prevalent among the pupils of Pierson School and many parents are relieved at the thought of school closing this week.

Mr. and Mrs. Charles Funk of Shady Side Avenue are leaving soon for a visit with relatives in southern Ohio.

Herman Schult and his son Jim of Shady Side Avenue spent another week end home from Indiana where they are both employed. Because of the size in Mr. Schult's working program, his family will not move to Indiana next month as planned but for the present will continue to reside on Shady Side Avenue.

Mechanization enables today's miner to produce 40 tons of coal in the same period of time for every 30 tons he produced in 1939.

New Dacron Thread Aids Sewing Women

Women who sew at home can begin looking for new dacron thread just coming into stores now, report Michigan State College clothing specialists. Dacron, one of the new man-made fabrics such as nylon, has several attributes. It will not pucker fabrics in the sewing process and it is strong, shrink-proof and stretch-proof and quick drying.

Although available only in white at present, dacron thread is suitable for all types of sewing, the MSC specialists said. Use it as you would cotton thread without changing tension or the needle in your sewing machine.

Mrs. William Knapp and two daughters Nancy and Evelyn attended the birthday party of their niece and cousin, Veronica Wank, at Union Lake Saturday afternoon. The little girls had a wonderful time playing games.

Mrs. J. C. Cox and Mrs. Richard Heliker were hostesses at a party given in honor of Miss Stan Heliker and daughter Linda Lee at the home of Mrs. J. C. Cox Monday evening. The table was decorated with a beautiful musical cake plate that played while the ladies were being served a delicious lunch. Linda Lee received a box of money given in care of her mother.

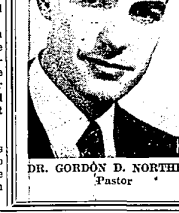

Release 14,400 Smelt In Gull Lake Test

A state fish hatchery crew has turned loose 14,400 more smelt in Kalamazoo's Gull Lake where the conservation department recently reported the first successful introduction of the fish in the southern third of the state.

Nearly 5,000 smelt were released in 1950-51, and a light April spawning run was discovered in an inlet stream at the north end of the lake.

Smelt introduction mainly is an attempt to provide a food source for rainbow and lake trout released in the lake annually since 1947. Gull, one of the larger lakes in the southern area, is cold and deep, providing suitable trout habitat.

Coal is Russia's most precious commodity, yet her stepped-up schedules are producing no more in a year than a normal 7-month output for U. S. mines.
