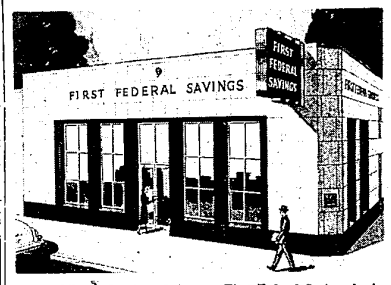
New Bank Opens In Redford



An architect's drawing of the new First Federal Savings bank which opened Wednesday, October 1, in Redford.

First Federal Savings of Detroit opened the doors of its fifth office Wednesday, October 1, at Grand River and McNichols. The branch is being managed by Russell M. Maybee with Irvin C. Olson as assistant manager.

Customers who opened savings accounts of $10 or more were given their choice of a Schaeffer Fineline pen and pencil set or a year's subscription to Reader's Digest. Accounts of $5 or more, especially those opened by children, were offered a colorful plastic coin bank in the shape of a globe of the world.

The celebration is to continue for ten days through October 10. Offices will be open daily from 9:30 a.m. - 4:00 p.m. Monday through Thursday, 9:30 until 6:00 Friday, and will be closed on Saturdays.

In bringing First Federal's services to the northwest section, the Association continues a program of growth and expansion. As one of the country's larger savings institutions, First Federal now has assets in excess of 86 million dollars. This represents the savings of more than 55,000 families who have First Federal savings accounts.

The new Redford branch will provide savings service for the entire northwest area, including Redford and suburban communities. The branch will have its own mortgage department, where loan applications will be taken and mortgages will be closed. This should be a great convenience to builders and home buyers in the Northwest area, according to Mr. Maybee. Free parking space behind the new building is one of the convenient features available to customers.

Principal business of First Federal is its savings service thru insured savings accounts, which currently earn 2% a year, and the financing of homes by its mortgage department.

Educator To Speak At Bond Club Meeting

The Child Study Club for the Bond area has obtained Mrs. Helen M. Tewes for its October meeting.

It is an open meeting and it is hoped that everyone interested will attend.

The meeting is to be held Tuesday, October 14, at 8:00 p.m. at the German School, 32230 Middlebelt Road. The topic is "What To Teach Your Child About Sex". Come and bring a cup, plate and spoon.

In addition to her teaching experience in various school systems, Mrs. Tewes is a specialist on the young school child. She has taught in teacher-training programs at Plymouth Teachers' College in New Hampshire, Connecticut State Teachers College, Western Michigan College of Education, and at the University of Michigan.

Mrs. Tewes is a graduate of Kent State University, Kent, Ohio, and holds a master's degree from Columbia University.

Because of her keen interest in parent education, Mrs. Tewes was invited to attend the training course sponsored by the National Congress of Parents and Teachers at Northwestern University during the summer of 1946.
