Lost and Found...

LOST - Red coker spanel, answers to name of "Queenie". Reward. Farm. 1365. 7-1c Highway Fund Monies Return To City, County

Both the City of Farmington and Oakland County...

According to figures released by the State Highway Department Farmington City will receive \$2,146.68 as its share and the County will receive \$583,977.75. Net receipts of the State Motor Vehicle Highway Fund for the third quarter of the calendar year 1952 amounted to \$23,355,021.27 and this money is now being distributed to the State Highway Department, the counties and the cities of the state as provided for in Act 51, Section 12, of the Public Acts of 1951.

COAL MEETS HYDROGEN

Coal chemicals, which once came exclusively from ovens during the process of making coke, are now produced commercially by pulverizing raw coal and combining it with hydrogen under extreme pressure. Experience shows a milkhouse should have at least 10 by 12 feet of floor space, say Michigan State College agricultural engineers.

'AND DARK AND TRUE AND TENDER IS THE NORTH' Tenyson's lines seen apt in describing this graceful stranger from the cold, far north sighted from U. S. Coast Guard cutter Eastwind. The heavy-duty ice breaker spotted the berg as the ship crunched her way through ice fields to the Canadian-American weather station at Alert on the northern tip of Ellesmere Island. Bergs like this one break off their mother glaciers drift down to threaten North Atlantic shipping lanes.

West Farmington

By MRS. SARAH KNAPP Mr. and Mrs. Starr Graham attended the pot luck Thanksgiving at the Farmington Baptist Church Thursday evening.

COUNCIL PROCEEDINGS

The regular meeting of the City Council of the City of Farmington was held November 24, 1952.

BEETHOVEN'S NINTH SYMPHONY—New Yorkers listening attentively while RCA Official, Alan Kayes points out notes written in Beethoven's handwriting on the ninth symphony's original manuscript, are at left, Philip Miller, acting New York Public Library music chief, and Miss Wanda Sullivan. Best of the composer, at far left, seems a little amused at their reaction to his manuscript. Insured for \$30,000 while being displayed in America, the Boston script is scheduled to be shown in Philadelphia, Washington, Moscow and Chicago. Permanent home of the manuscript is a display case in the British Museum.

WHEN PRESSED FOR PRESSURE—Ducked out in a new T-1 high-altitude flying suit an Air Force test pilot at Wright Air Development Center, Dayton, Ohio, shows us how comfortable he'd look in a jet fighter seat. When cockpit pressurization is lost at high altitudes, the pilot activates the tubes at the side of his suit which supply the vital force. Our model also wears a new one-piece helmet with an electrically heated visor that prevents fogging.
