

P.T.A. FEATURES SAFETY PROGRAM AT CLARENCEVILLE

The Clarenceville P. T. A. will present an accident prevention program on Tuesday, January 20, at 8:00 p. m. in the Clarenceville High School Auditorium.

Featured during the evening will be Clyde R. Haskill, chairman of the educational division of the Pontiac Chamber of Commerce, who will show colored slides of actual accident scenes.

Persons connected with the P. T. A. who have heard Mr. Haskill say that his interest in preventing these tragedies and his knowledge of causes are brought out in the splendid running commentary that accompanies the slides.

The City of Pontiac requires that all high school students, non-drivers and persons convicted of reckless driving be required to see the same slides.

Officers of the P. T. A. say that the highly recommended program should be of interest to everyone.

Young Republicans Await Message From Cleary

The Seventeenth District Young Republican Club is starting the new year with what they consider an exceptional program and they urge that all young Republicans hear Owen J. Cleary as he discusses "The Young Republicans' Role in the Majority Party".

The meeting will be held at the Wolverine Y. P. W. Hall, 1637 1/2 Lahser Road, at 8:00 p. m. on January 16, 1953.

Although Secretary of State Cleary will highlight the evening's program, the club has also scheduled refreshments and dancing to round out the meeting.

ON HONOR ROLL

John Kytola was on the honor roll for the fall term at Saginaw Branch of Michigan College of Mining and Technology. He is a sophomore student in mechanical engineering and the holder of a Michigan High School scholarship.

The first meeting of the new year was held last Monday evening, January 13, and was well attended considering inclement weather and the measles and flu that seem to be going around.

Another party is in the mind for the junior members on February 14, which is Valentine's Day. At this time we wish to thank Elizabeth Thornton, junior activities chairman, for the fine job she has done with the parties in the past.

Anyone who has any outgrown sweaters in good condition and have no use for them, are asked to get in touch with Mrs. Larson or Norma Hoffman. The sweaters are wanted to send to South Koreans and must be in by next week. Attitens and scarves are also needed.

The Auxiliary is sorry to hear that Lizzie Schaeppert is sick and we hope to see her soon.

Don't forget the March of Dimes Bake Sale to be held January 24 at 9:30 a.m. at Hutton's Hardware and at Gambles' Lulu Schaeppert is the chairman.

Hattie DeVries gave a report on rehabilitation, of which she is chairman. Christmas gifts were taken to 111 World War II veterans who are at Maybury Soldiers' Hospital at the present time, and also to Dearborn Veterans' Hospital. This is all made possible from the sale of poppies, so don't forget to support the Auxiliary when they sell poppies in May.

Farmington will be host to the district meeting on February 3. Mary Willard will be chairman.

Research To Conquer Polio Goes On

The fight against polio goes on night and day in our great research laboratories. Tremendous strides toward eventual victory over this dread disease were announced recently, but years of careful work still lie ahead before this goal can be realized.

Virus scientists at Lederle's Laboratories Division, American Cyanamid Company, Pearl River, N. Y., examine an experimental polio vaccine just as it comes from the centrifuge, a machine important in this type of research.

They are left to right: Dr. Victor Cabasso, Dr. Herald Cox and Dr. Manuel Roca-Garcia. These three scientists figured prominently in the work recently when Lederle announced that a modified live virus vaccine effective only in animal studies against one deadly type of polio, can be produced easily in thickened eggs.

Haynes Highlights

Alirman 3/c Dan Guilmette of the 3366 Student Squadron, located at Amarillo Air Force Base, Texas, has been honorably discharged. Dan has six hole holes in his head, and he received them in a previous injury. At the age of six he was run over by a bulldozer. Dan is at present residing at the home of his parents, Mr. and Mrs. Val T. Guilmette of 22405 Floral, where he is under the care of a competent physician.

Dr. William Clark, D.D.S. from Milwaukee, Wisconsin, spent the holiday with his sister, Mrs. Guilmette, of Floral Drive. Clark is attending Marquette University.

Mrs. Marie Long has been ill for several weeks. She was on the verge of pneumonia, but is now on the road to recovery. We hope to see you and your kind ones. Bill Long spent last week end with his fiancée, Miss Joan Pagan, who is a student nurse in Kalamazoo. Together they visited an aunt who resides in the other side of Holland, Michigan. Bill was recently discharged from the service. He is the son of Mr. and Mrs. Herbert C. Long of Grand River.

Our boy T. escorted his team to the Wayne University - St. Francis basketball game, which was held at the Coliseum last Saturday evening. Dick was also accompanied by his coach for being one of the best floor players Farmington has ever had.

Mrs. Henry Shohanna flew in from Los Angeles, California, on January 7 to visit her sister, Mrs. George Okamoto of 22403 Floral. She expects to return home January 18.

Ed Klees arrived by plane Saturday where he had been spending the holidays with his parents.

Our Falcons are strictly on the beam, come on folks, just watch that team. Farmington defeated Waterford 51-37 on Friday, January 9.

A weekly thought: "Remember a chip on the shoulder usually indicates a big man." So don't be an old wooden head!

CUB CAPERS

The interests and efforts of Mr. Kenneth Leachman and Mr. Eugene Walle have been responsible for the organization of a new Cub Scout Pack in the Middlebelt School area.

At present there are five active Dens with twenty-five members.

One of the Cubs, Ronald Errier, is a transfer. Douglas Thomson is also a transfer and has completed his "Lion" requirements. The other members are all new and have completed their "Bobcat" requirements. They are: Jerome Deussen, William Dietrich, Jeffrey Greene, James Hautala, William Harlow, Russell Hoffmeyer, Joseph Juntzer, David Kaska, David Keck, Benny Marston, Matt Ramsey, Thomas Ramsey, Perry Ray, Donald Richard, Michael Savidge, Gary Stussles, James Slusser, Leroy Smith, James Thomson, Dennis Thornton, Arne Tikkens, Douglas Turner and Duncan Wilson.

The monthly Pack meetings will be held at the Middlebelt School the third Thursday of each month at 7:30 o'clock.

The theme for the past month has been a study of the stars and planets, and a display of projects will be shown at the Pack meetings.

An interesting program has been arranged for this month's Pack meeting. Anyone interested is invited to attend the meeting.

Through the earnest endeavor of the boys, the parents, the Den Mothers and the committee members, we feel certain this Pack will accomplish much in the months to come.

Suit your grocery buying to insure you get the best Michigan State College foods and nutrition specialists. Use fruits and vegetables plentiful on the market and avoid the expensive, out-of-season delicacies, they say.

The two new atomic energy plants that are to be built in the Ohio River valley are expected to utilize about 7 1/2 million tons of coal annually for the generation of electricity.

WOMAN RECEIVES STRANGE PRESENT SENT FROM ALASKA

What might possibly be the oddest Christmas gift to be received by a Farmington resident was checked up by Mrs. Martha Schroeder, 33215 Shilwassee, on December 27.

Mrs. Schroeder received a package of genuine Alaskan sourdough, which was sent by friends in Alaska.

Sourdough was used extensively in the "Golden" age of the territory because it was functional; it could be frozen, the sponge could be made into a ball and placed in the flour sack for portage to camp, or it could be dried and revived.

Even today the sourdough pot can be found in the cabins of a few hardy old timers in the Yukon. Sourdough is most often used for pancakes, but may be used for waffles, raised bread, rolls or biscuits.

The sourdough received by Mrs. Schroeder is advertised by the manufacturing company in Alaska as being an authentic product — having been started by an old timer on the famed Kodiak Peninsula some fifty years ago and given to the company by another old timer who, as a boy, had worked in trading posts along the Yukon and Koyukuk Rivers.

The 1953 National First Aid and Mine Safety Contest is expected to attract at least 60 teams from upwards of 20 states.

A.A.U.W. To Meet At Northville Hospital

The Farmington Branch of the American Association of University Women will hold the January meeting at the Northville State Hospital Auditorium on January 22 at 8:00 p.m.

Dr. Edward N. Hinko, assistant supervisor of the hospital, will speak on "Geriatrics". The Plymouth Branch of A. A. U. W. has been invited to meet with the Farmington Branch. Husbands of both groups are to be guests and anyone in the community who is interested is invited to attend.

Our whole social life is in essence, but a long striving for the victory of justice over force.

The regular monthly meeting of the Farmington Business and Professional Women's Club will be held Monday, January 19, at Huck's Redford Inn with dinner at 6:45 p.m. Reservations must be in by Friday, January 16. Anyone interested in joining the organization may call Farmington 1596-M for information or reservations.

The program following the business meeting will be presented by the Health and Safety Committee, of which Mrs. Elsie Tulip is chairman.

All members are urged to attend as final plans for the Edison Demonstration on January 27 in the Town Hall will be discussed.

REGULAR PROFESSIONAL CARE of the Hair will give you that Well-Groomed Look.
