## Editorial

February, the month of Valentines and the coming of Spring, is also the month of the birthdays of two of our greatest Americans, George Washington and Abraham Lincoln. These men, born in the beginning of the year, lived during the formation of our country. They were largely responsible for many of the freedoms and liberties we now enjoy.

George Washington helped fight and build our country and Lincoln held it together. In 1776, after the people had gained their independence, they were faced with the problem of establishing and governing a new country. They realized that for a man who would give the country a good, wise and firm beginning and elected George Washington as the first President of the United States.

George Washington cut our country got its start. The constitution was ratified and through the efforts of his Secretary of the Treasury, Alexander Hamilton, a strong government was established and the country began its fight for economic stability.

February 12 is the birth date of Abraham Lincoln, the man who was never fully appreciated in his own country until after his death. We all know from our history books of this great American's humble beginning in a crude log cabin. Lincoln had devoted all the books he could find in his intense desire to attain an education.

There is a split in some men that is depressed and his steps upward finally led him to the White House as president. Abraham Lincoln was faced with a problem at that time, the unification of our country together. Because of differences in opinion the North and the South wanted to separate but Lincoln was determined to hold them together. In February, 1862, the south seceded from the Union and established their capitol and elected a president. This led to war. Lincoln called on the men of the North and they responded. In his Emancipation Proclamation Lincoln achieved another great freedom and liberty for us. No longer were there slaves in the new country, democracy was getting a better foothold.

In April, 1865, Lincoln was assassinated, but his work went on and our country was united shortly after his death. With men like these behind us who believed and fought for the possibilities they saw in a new democracy, we must keep faith with them now and fight for the democracy they established and preserved.

## Student Council Amends Constitution February 4

The Student Council held its regular meeting during the second hour Wednesday, February 4. The officers who were elected are vice-president, Ruth Robertson; secretary, Barbara Alsworth; and treasurer, Ellis Grace.

Gail Long, sixth grade, and Sharon Moreland, tenth grade, were elected to go to Keego Harbor for the league exchange. A new amendment was added to the constitution. Any mark below a "C" will suspend the student from the Council for one marking period.

The seniors were given permission to sell at the recreation. The sophomores will sell programs at the game. The following game the seniors will sell programs. The problem of who will sell at future games was tabled until the next meeting. Y. J.

## TRIOJAN DEBATORS BEAT CLARKSTON, EYE REGIONALS

In the debate February 3 at Clarencville, the tie for second place in the league was broken. Clarencville defeated Clarkston and will go to the regionals. This is the second time in seven years that Clarencville has gone to the regional debates.

Clarkston's negative debated the Clarencville affirmative team, consisting of Meribah Meyer and Lynn Stanton. Because of the tie in the league it was decided that the only fair way to break it was to draw the negative team.

In the debate on January 26, at Northville, Clarencville's affirmative was defeated by Clarkston's negative. Clarencville's undefeated negative team, composed of Annie Allan and Ellis Grace, defeated Holly's affirmative. These debates were to be the last in the league, but because of the tie between Clarencville and Clarkston, each having five wins and three losses, it was decided to have another debate between the schools and decide which would go to the regionals.

Clarencville will go, along with Northville, who took first place in the league with seven wins and one loss.

## Rapelji Chosen For League Band

The cream of the crop has been chosen for the All-League Band concert in the Wayne Oakland County League. This is an annual function every year and all members are selected by try-outs. The band has about 76 members consisting of students from Brighton, Clarkston, Clarencville, Holly, Milford and Northville.

Roger Rapelji, who plays the trombone, is the only student from Clarencville. Some of the numbers being played are "American We", "Skip To My Lou", "Liza Jane", and "The Crimson Flash". The concerts were held at Brighton on February 9 and will be held at Clarkston February 25. The next concert will begin at 8:00 in the school gym.

The reasons for the concert being held at these schools is that each year the location is alternated. The concert will be under school band directors from the league schools.

Mr. Phillip Brode is from Holly, Mr. Leland Harill is from Milford, Mr. Leslie Lee from Northville, Mr. William Stanton from Clarkston, Mr. Joseph Markell is from Clarencville, Mr. Russell Rowe from Brighton and Mr. Gene Page from Northville. Each will direct a particular number in the program to be played.

Tickets for the concert may be purchased from Mr. Joseph Markell or at the door.

# Ford sets the style for '53

It's lower-looking, longer-looking, wider-looking... and Ford's Crestmark Bodies are the most beautiful in any low-priced car—best built, too!

It's hard to believe that Ford is one of America's lowest-priced cars when you see that style-setting beauty... that hugs, curved one-piece windshield... and those smartly styled interiors, blended with outside colors! It's even harder to believe when you take a Test Drive and feel the road-ruling "Go" of Ford's great V-8 or Six engines... the comfort of Ford's amazing new Wonder Ride... and the convenience of advanced features.

It Behaves Beautifully, too!

Ford's new Wonder Ride—practically "gives" its own way with a "carpet" of smoothness. New, more responsive spring and shock absorber action... wide front tread... and Ford's low center of gravity take bounce out of bumps, tilt out of turns.

The '53 Ford Crestline V-8 Victoria

It will stay young for years

Years from today, your '53 Ford will still command admiring glances. For it's styled ahead—and built for keeps. Your eyes will tell you the quality of the beautiful Baked Enamel finishes... finishes that will keep their new-car complexion for years. Your fingertips will tell you that there is seamless construction where many other cars have seams.
