SUNSHINE LADY
TELLS OF WORK
DONE BY VETERANS

Through the kindness of the Sunshine Guild and the Ladies Auxiliary of V.F.W. Post 2706 of Keego Harbor and its hospital chairman, Mrs. Boris Chakroff, I had the pleasure last week of passing out gay wrapped packages of cookies to some 165 patients at the Oakland County T. B. Sanitarium. A great many of the patients were veterans. Nevertheless, I couldn't get over the friendliness of all the grand folks there.

It was surprising how some of them had fixed up their rooms. But it was their artwork that took my eye. One patient had just finished a beautiful evening sweater. Many of the men were making chairs and such beautiful work. It was surely cool to think. If these people, many of whom have been shut-ins for years and others who will be, can make such good use of their long hours, what have we to complain of?

I'm passing on some of their names to you, hoping you'll drop them a card now and then.

Their names are Mrs. Robbins,

John Grant, Bob Gilbert, Bartel Dodson, Bill Penn, Charles Little and Charles Bates.

Patricia Weaver in Room 253-B is one of the young women who served her country during the war. Now she must be spending time away from her husband and three beautiful children. Your friendship can help shorten those hours.

And while you're sending those cards, please remember to send one to Mr. and Mrs. A. Duhring, 18 W. Woodward, Ecorse, Michigan, as both are on the sick list.

Another very fine person who spends many, shut-in hours is Anna Thürer, 303 Pike Street, Port Huron.

Now in the Lenten season, may I pass on to you my prayer for the week.

Almighty God, whom truly to know is everlasting life, we draw near and ask for blessing of friendship, greatly widened. We would not think of ourselves as too good to mingle with the humble. We would live apart from others in hope and sympathy. Rather do we seek from Thee the gladness of the common life of all Thy children, and the sweetness of its universal hope. May our hearts be freed from fret and care, and may the peace of God which passeth all understanding be ours from this time forth.

MICHIGAN AGAIN
LEADS IN SALE
OF FISH LICENSES

Michigan again led all other states during 1951-52 in sales of fishing licenses, the conservation department notes.

In sales of hunting licenses, however, Michigan, during the year ending July 1, 1952, slipped to second in the nation from its usual top ranking.

U.S. Fish and Wildlife service reports show Michigan sold 1,124,000 fishing licenses during the year, beating second-place California by 65,000 sales. Wisconsin was third, Minnesota fourth. Michigan also topped the nation in 1950-51, fifth in sales, edging California by 60,000 sales, while California took third place. California, for the second consecutive year, placed first in total revenue earned from fish license sales. Michigan was second during both years, with revenue amounting to slightly more than \$2 million in each year.

The Chrysler Corporation's ex-
hibit, which will cover the Agricultural and the Annex, is entitled "The Chrysler Gardens of Fairyland". It will have a special appeal to the youngsters as these gardens will portray the adventures of such famous characters as "Hansel and Gretel", "Humpty Dumpty", "Little Boy Blue", "Woman in the Shoe", "Jolly Miller" and "The House That Jack Built".

The famous Rose Midgets will be used to put life into these gardens.

This year's Detroit Flower Show will be of greater interest to the women than ever before.

The Garden Club, which has the flower arrangements section, will be allocated considerable more space for its exhibit "On the Avenue". In addition there will be a feature display of "Table Fashions of 1953" by Helen Chamberlin of Seattle, Washington, a well-known authority on "top-of-the-table" decor.

Probably of greatest interest to the average home-owner will be the exhibit of the Detroit Department of Parks and Recreation. It will be a model of a city garden that can be altered to fit any type or size lot. A plan on how and

UP GOES THE
POWER OF EVERY
BUICK-
Special and Roadmaster!

I's more than pride that makes a man want a lot of horsepower beneath the hood of the car he owns.

For the real point in reaching record horsepower and compression ratios goes beyond miles per hour. It steps up performance and economy in normal driving.

That's what Buick engineers did when they upped the power and compression of each 1953 Buick — SPECIAL, SUPER and ROADMASTER — to the highest figures in Buick's fifty-year history.

In the SUPER and ROADMASTER, they put a new kind of V8 Engine — first passenger car V8 with 8.5 to 1 compression, and a long list of other major engineering advances.

For the SPECIAL, they redesigned the famed F-263 Fireball 8 Engine — gave it

shorter flame travel; faster firing, higher horsepower and compression.

And to these spirited engines they coupled the new Twin-Turbine Dynaflow Drive* that adds flash-fast, quiet getaway to utter smoothness.

Just to give you an example of what all this means: The 1953 Buick SPECIAL with Dynaflow can beat the mighty 1952 ROADMASTER on getaway — can reach 30 mph (when the law allows) with a combined speed and jerk-free smoothness no other car can equal.

Of course, there's far more to these new Buicks for 1953 — some seven dozen new features alone.

But why not come in and see for yourself that these are the greatest Buicks — and the greatest values — in fifty great-years.
