

CITY POLICE NAB HIT-RUN DRIVER SUSPECT FRIDAY

After having been tipped off by police radio, Farmington City Police apprehended a hit-run driver suspect as he entered his car Friday, April 3, after the offender had apparently stopped in Farmington for lunch.

The alleged hit-run driver, James W. Bates of Dearborn, was turned over to the Brighton State Police Post for further questioning. He was accompanied by Shirley Cole and Nancy Hubbard, also of Dearborn.

Police stated that the car in which Bates was picked up had struck Mr. Albert Johnson of Milford earlier that same day and had left him with a broken leg. The car also struck four automobiles, including Mr. Johnson's.

Bates was picked up in front of Precision Tool Company at 3343 1/2 15th river at approximately 4:55 p.m.

4-H Group Organized For Farmington Area

A joint 4-H Club has been organized in the Farmington area and will be composed of members from the communities of Farmington and Walked Lake. The club was started early in March and meetings are held twice each month at various members' homes. Present plans schedule meetings for the second and fourth Wednesdays of each month at 8:00 p.m.

The group will, from time to time, undertake various projects about the farm and home.

Officers of the club, which has been given the name 'Classy Clover' are: president, Rodney See; vice-president, Dave Heaps; secretary, Dick Cairns; treasurer, Ronald Johnson.

Other members of the club are Bob Anderson, Bob Wegener, Andy Grant, Steven Green, Terry Wik, Paul and Rick Heinke, George Green, Wendell Powers and Bill Andrews.

Guy Marsh is serving as leader of the group, which will be associated with the state and national 4-H program.

80 New Homesites

(Continued from Page One) a total of nearly 250 homes in two developments now under construction. The Warner Farm subdivision in Farmington and Melody Manor on West Seven Mile Road, Livonia. Simms Acres is the third Wolfe development in this area at the present time. Wolfe is one of the largest builders and developers in Northwest Metropolitan Detroit. Members of the sales force, headed by Robert Follett, are trained to help the customer plan his house, work to-

HARRY E. WOLFE

gether with the architect and customer, and provide a service that the customer may require regarding his building plans.

Harry E. Wolfe also heads a commercial construction company, The Livonia City, which is one of its recent projects. Harry S. Wolfe, in the real estate building business for 30 years in this area, presides over the sales organization for both new and resale homes.

Obituary

Mrs. Louise Feinrich
Mrs. Louise Feinrich of 22230 Gill Road, Farmington Township, died Tuesday morning, April 7, at the Hill at Convalescent Home. She had been ill for the past twelve years.

Louise Feinrich was born May 25, 1878, in Germany, the daughter of Adolph and Amelia Gieser Brach. She was united in marriage on April 19, 1889, to Bertman Feinrich. Mr. Feinrich died in 1940. Mrs. Feinrich had lived in Farmington Township for the past eight years, coming here from Detroit.

Funeral services will be held Friday morning at 9:00 o'clock from Our Lady of Sorrows Church in a burial at Holy Cross Cemetery in Detroit. Recitation of the Rosary will be said on Thursday evening at 8:15 from the Thayer Funeral Home.

Surviving are four daughters, Mrs. Lester Lemanski, Mrs. Charlotte Mettetal and Mrs. Thomas Bourcier, all of Detroit, and Mrs. Nicholas Day of Farmington; and two sons, Bertram E. of Detroit and Donald E. of Dearborn. She also leaves three brothers, Frank, Edward and Harry Brach, of Detroit, and one sister, Mrs. William Peschke of Detroit, thirteen grandchildren and six great grandchildren.

Funeral services will be held Friday morning at 9:00 o'clock from Our Lady of Sorrows Church in a burial at Holy Cross Cemetery in Detroit. Recitation of the Rosary will be said on Thursday evening at 8:15 from the Thayer Funeral Home.

Surviving are four daughters, Mrs. Lester Lemanski, Mrs. Charlotte Mettetal and Mrs. Thomas Bourcier, all of Detroit, and Mrs. Nicholas Day of Farmington; and two sons, Bertram E. of Detroit and Donald E. of Dearborn. She also leaves three brothers, Frank, Edward and Harry Brach, of Detroit, and one sister, Mrs. William Peschke of Detroit, thirteen grandchildren and six great grandchildren.

BOY SCOUTS PLAN SCRAP METAL DRIVE SATURDAY

The Explorer Unit of Boy Scout Troop 45, Farmington, will conduct a community-wide scrap metal drive on Saturday, April 11. Merrill Andrews, unit adviser, announced Tuesday.

Residents are requested to call Farmington 0125 anytime Friday, April 10, if they have scrap metal to be picked up. The actual collection will be made on Saturday. Andrews emphasized the importance of residents calling if they want the Scouts to stop at their home.

Gerald Plum

(Continued from Page One) presented yearly to the outstanding man on the Wayne University campus. Jerry graduated from Farmington High School in 1951 and was awarded a scholarship to Wayne. He was active in all sports at Farmington as well as other school activities.

Jerry is the son of Mr. and Mrs. Irving Plum.

City Faces Court

(Continued from Page One) proposed Farmington plant are expected to be received in the next few weeks.

City Manager added that installation of the Hays System will probably save the city about \$50,000 in construction plus an additional \$50,000 in interest over the life of the bond issue, as compared to the conventional sewage disposal plants. The deadline for the filing of plans was set for March 1, 1953, with the installation to be completed by July of 1954.

Under present plans the plant would be in operation much earlier than the July, 1954, date, the City Manager said.

Citizens Group

(Continued from Page One) peated that a majority will be considered sufficient although the District is anxious to have as many participate as possible. The Superintendent pointed out that it may take several more weeks before all of the organizations have had an opportunity to act upon the invitation.

The purpose of the Citizens Committee is to assist the Board and the school administration in the development of a broader school program. A secondary purpose is to stimulate interest in the schools and to better familiarize the public with present and future problems.
