

DETROIT HISTORY TO BE DISPLAYED AT FORT WAYNE

A new exhibit documenting the military history of Detroit has been added at the Fort Wayne Military Museum, which opened Wednesday for the summer season.

Five panels have been set up in the old Fort tunnel tracing Detroit's history from the coming of the French through the active days of Fort Wayne, according to James F. Hawken, curator. The museum also has added an Indian exhibit in the Public Room. This display, prepared for the museum by Robert Wright, exemplifies head and basket craft executed by Michigan tribes.

The Fort Wayne Museum, 6033 W. Jefferson, has 15 acres of century-old fortifications, mounts, powder magazines and weapons, as well as a collection of German, French and American military helmets from World War I.

The museum is open to the public from 1:00 to 7:00 p.m. Wednesday through Sunday.

Lee Tyler Will Serve Campus Christian Group

Lee Tyler, junior at Heidelberg College, Tiffin, Ohio, is now serving an apprenticeship prior to taking over duties as vice-president of the Student Christian Association for 1953-54. This campus group is affiliated with the YW-YMCA. He will assume his duties as vice-president of the largest campus organization May 1.

Tyler, who formerly served as president of the Student Christian Association, is the son of Mr. and Mrs. Elliott Tyler, 23069 Violet.

More than 40,000 Michigan homemakers are members of home demonstration groups. You can become a member of a group to study the best techniques of homemaking by contacting your county home demonstration agent. She is often located in the extension office in your county building or court house.

After establishing an all-time high in coal production in 1951 Virginia's 282 mines proceeded to break this record in 1952.

THE MICHIGAN MIRROR

By GENE ALLEMAN

(Continued from Page Two) If the problem can be solved by a referendum vote of the people changing diversion provisions, all legislators would be taken off the hook.

No one should be amazed that Michigan's deficit problem, which is really more a political problem than a financial one, should seek a political rather than a financial solution.

Little support was forthcoming for a bill in the Senate designed to change the dates of Monday of all national holidays except Christmas and New Years and provide the public several more long week ends. The bill is back in committee and has little chance of passing this session. Its sponsor, Sen. Don Vander Werp, had the bill introduced in the Senate.

Corporal James LaPrie To Receive Discharge

Army Corporal James P. LaPrie, son of Mr. and Mrs. Victor J. LaPrie of 2341 Middlebelt Road, is returning to the United States from Japan for release from Army duty after serving 17 months in the Far East.

Part of the U. S. security forces in Japan, the First Cavalry Division is undergoing intensive field training. It was rotated from Korea in late 1951 after 17 months of combat duty.

Corporal LaPrie, who was a radio operator with the Division's 8th Regiment, served for five months in Korea.

A graduate of Farmington High School, LaPrie received the Occupation Ribbon for service in Japan and the UN and Korean Service Ribbons.

Farmington Student Chosen For Honor

Stanley George H. Springer, son of Mr. and Mrs. Allen P. Springer of 22459 Sherwood Street in Farmington, has been named to a national honorary society at Cornell University at Ithaca, New York.

The initiation included four faculty members, 81 graduate students and 81 undergraduates at Cornell who were taken into the university's chapter of Phi Kappa Phi, national honorary society.

Membership, based on character and scholarship, is limited to ten percent of the graduate students and five percent of the seniors at the university.

Robert B. Kahrl Wins Promotion In Korea

Robert B. Kahrl, son of Mr. and Mrs. A. C. Kahrl, 33516 State Street, has been promoted to corporal while serving in Korea with the 7th Infantry Division.

The 7th has fought continuously in Korea since its landing at Inchon in the fall of 1950. During its two years of combat in the mountainous terrain the division has battled in every sector of the peninsula.

Corporal Kahrl, a gunner in Battery B of the division's 31st Field Artillery Battalion, arrived in the Far East last June from Camp Chaffee, Arkansas, where he received basic training.

A graduate of Farmington High School, he was employed by the Pex Building Company before entering the Army in September, 1951.

blessing of Labor and Industry and the active backing of the four associations in proposing the changes. Similar changes are being submitted to 42 state governments this year, part of a national plan to be consistent in holiday celebration.

Only reason Senator Vander Werp could see for the lack of interest among other Michigan senators is a sentimental one, or the tendency to "leave things as they are." If the proposal gets the backing he hopes to get from the common man in Michigan, he is confident that next time around, the bill will become law.

All Michigan drivers will be affected if a proposed bill becomes law. For one thing, it sets the date of each license expiration to coincide with the driver's birthday. This provision alone is expected to save the state \$30,000 annually, for notices reminding drivers to renew their licenses will no longer be sent. They will be expected to remind themselves when their birthday anniversary arrives.

A more important provision of the new law will set up a department in the Secretary of State's office; require complete files showing histories of moving traffic violations and accidents. Rate structure for licenses will be changed. A new license will be \$3 for three years and \$1.50 for each subsequent renewal. Chauffeur's licenses will be \$2; minor's restricted licenses, \$1.

Tightening of driver licensing operations is guaranteed by traffic safety experts to reduce by one-third the number of traffic fatalities in a year, so this bill will receive close study by legislators.

Curt Hall Retains Branch Secretary Of State Office

Secretary of State Owen J. Cleary announced last week the reappointment of Mr. Curt Hall as manager of the Department of State Office in Farmington.

Mr. Cleary stated that since assuming office on January 1, he had been conducting an exhaustive survey of the efficiency and economy of the Department of State, including the operations of the department's branch offices.

In announcing the reappointment, Cleary emphasized that Mr. Hall had a record of excellent service with the department and the public, and that because of this record he was pleased to secure a continuance of Mr. Hall's services.

Private John Funnin Serves In Alabama

Private John C. Funnin, son of Mr. and Mrs. Emmet J. Funnin, 20973 Dunkirk, has arrived at Camp Rucker, Alabama, to undergo initial military training.

Inducted March 12 and processed at Fort Custer, he will receive basic training from the 47th "Viking" Infantry Division. The new soldier will undertake a rigorous schedule including a wide range of military subjects from military courtesy and field sanitation to machine gun and bazooka.

After finishing 8 to 16 weeks of primary training, Funnin will be eligible for reassignment to further infantry or specialized training.

MOBILGAS ECONOMY RUN FLASH!
FORD BEATS ALL IN ECONOMY!
Economy Winner 4 Years in a Row!
AL STUEBING, Hollywood
MOBILGAS ECONOMY RUN
LOS ANGELES to SUN VALLEY

MILEAGE MAKER "6" WINS SWEEPSTAKES!
Score a blazing victory for Ford's dollar-saving gas economy! Ford's high-compression Mileage Maker "6" with Overdrive beat every car entered in this year's Mobilgas Economy Run, regardless of size or weight, to sweep the sweepstakes! Ford's winning average was 56.70 ton-miles per gallon. * And Ford's high-compression 110-h.p. Strato-Star V-8 with Overdrive was right up there in economy, too, with a record of 48.55 ton-miles per gallon!
The winning Ford was a regular production car, just like thousands of other '53 Fords you see on the road today. This 1,206-mile trip from Los Angeles to Sun Valley covered all types of driving conditions. The route threaded through city traffic, where stop-and-go driving tests an engine's fuel economy under the toughest conditions... and out along the highways of four western states.
The Ford Mileage Maker "6" took all this in stride, maintaining a speed above the required 44.25 m.p.h. minimum, to finish 1st in the sweepstakes! What better proof is there that Ford is the thiftest car of all? What better way to show why Ford is worth more when you buy it... worth more when you sell it!

APPROVED BY AAA CONTEST BOARD
OFFICIAL PROOF!
FORD 101-h.p. Mileage Maker "6" WITH OVERDRIVE
56.70 TON-MILES PER GALLON*
Ford is the first car in its weight class... in the history of the Economy Run... to win top honors in ton-miles per gallon over all other cars regardless of size or weight.
*The AAA Contest Board determines the winner by a "ton-mile per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. The winner's ton miles equals the ton weight (including passengers) in lbs., multiplied by number of miles traveled, divided by number of gallons of gasoline consumed.
