New TV Station To Seek Talent

If present talent-hunting plans of Flint's soon-to-be UHF television station, WTAC-TV, can be carried out, the television stars of tomorrow may well be our next-door neighbors of today.

According to J. R. McKinley, general manager of the new Flint TV station which opens this fall on channel 16, extensive plans are currently being made to explore the entire WTAC-TV coverage area for talented local personalities who would prove both entertaining and profitable. It is the firm belief of the broadcasting corporation that much of America's best TV talent is yet to be discovered in the outlying districts away from the larger metropolitan areas. They point to the case of ten year old Gayla Peevey, of Ponca City, Oklahoma, discovered by an Oklahoma TV station last April. Today Gayla has a feature spot on NBC-TV's coast-to-coast "Saturday Night Review", offers of recording contracts from RCA-Victor and Columbia Records, and is being given a screen test by Warner Brothers in Hollywood.

Stengel Makes Change In Own Age Lineup

The Sporting News notes that Casey Stengel, famed for his numerous lineup changes, made a different kind of switch in his own team, when he celebrated his birthday.

It had been announced that the Yankee manager was 62, which the sports writers verified in The Baseball Register, since the publication checks for birth dates with the baseball men themselves. But Casey admitted he was 63, not 62.

"A ball player usually loses a year two in his younger days," said Casey, "and I'm taking it back now."

Until Casey admitted his "error", his birth date was listed in the records as July 30, 1881.

Livonia Records Building Boom

Residential building for the first six months of 1953 has nearly matched the construction record achieved in Livonia during the entire year of 1952.

According to figures announced this week by Donahay Wilson, Livonia's chief building inspector, 867 residential building permits have been issued during the first six months of 1953.

This figure compared with a total of 995 permits issued during the entire year previous, a record building in Livonia's history.

Residential permits totaled 649 during 1951, and 454 in 1950, the year Livonia was chartered as a city.

Dollar-wise, the six month figure shows a valuation of \$9,522,350 on permits issued so far this year. This compares with a residential valuation of \$9,637,126 for all of 1952.

Total valuation on permits issued was \$6,442,676 in 1951 and \$3,671,150 in 1950.

Commercial building continues on the upswing, too, in Livonia, with 40 permits issued during the first six months of 1953. Valuation on these permits is \$852,150.

Sixty-three commercial permits were issued in 1952 and 29 in 1951. Commercial valuation for these years was \$3,421,473 for 1952 and \$15,272,882 for 1951.

In 1950, 93 commercial building permits were issued with a total valuation of \$479,088.

A month-by-month breakdown for residential building in 1953 shows April as the busiest construction month. Permits for that month totaled 264, with a \$2,795,050 valuation.

In January, 25 permits were issued at a valuation of \$320,800. February recorded 116 permits issued at \$1,178,400 valuation.

In March, 195 permits were issued at a valuation of \$2,024,500. May and June showed a consecutive figure of 118 and 145, with valuation quoted at \$1,472,500 for May and \$1,720,700 for June.

Jackson Zouaves Return By Popular Request

The American Legion Zouaves of Jackson, Michigan, who have performed in Jackson, Mich. and Paris, once again will highlight the special Veterans' Day program on September 12 at the Michigan State Fair.

The Zouaves originated after World War I and were organized by Colonel Sparks of Jackson. They are returning by popular demand, presenting unusual exhibitions of foot drills and wall scaling.

Appearing for the first time will be the United States Air Force Band and many other outstanding band units from both the United States and Canada.

The Spanish - American War veterans will send their life and drum corps for an appearance drill.

As usual, all veterans with proper credentials will be admitted free to the State Fair on Veterans' Day.

LOOK, NO WALKING—This mailman doesn't have to walk a step on his suburban route in Toledo, Ohio. That's because he's got the first American car in 30 years that features right-hand steering. The Jeep, specially built for the Post Office Department, enables the carrier to drop mail into letter boxes without leaving his seat. When put into widespread use, this design promises to save the department much time and money.
