

OIL PROGRESS WEEK

OCTOBER 11 - 17

*Your progress and oil progress
go hand in hand*

● Have you ever thought how much Oil Progress means in your daily life? It means better gasolines and lubricants for your car, improved heating fuels for your home, more power for farm and ranch, quick, safe transportation on land, sea and air—and it means a constant flow of new oil products . . . all designed to bring you better living.

This has come about because the thousands of companies that make up America's oil industry are constantly competing for your business by trying to reach you first with the newest, most improved oil products and the finest services possible. Here's our promise that, as part of this progressive industry, we'll continue to serve you and the nation well.
