

Students Await Panel Reports

Friday, March 5, the Clarenceville Student Council held a discussion with the student body on "Should girls wear jeans or levis, and have their hair up in curls in class?" Also, "should boys' clothing be improved?"

The Council passed out questionnaires and the students asked questions and the students voted on members of the Council on the panel, which consisted of President Ellis Grace, senior; Sharon Moreland, junior; Bruce Moreau, sophomore; and Catherine Barnes, freshman.

Mr. Max Miller, principal, spoke to the students and told them that nothing may happen as a result of the poll, but the Council wanted to see what the student body as a whole thought of the present situation. He also reminded the students that if all of the students are neat and clean looking, the school will look cleaner and neater. Reports will be posted next week. D. D.

Senior Highlight

"I'm in a silly mood today!" is the usual thing you hear from our highlight this week.

She has a nice smile and a sense of humor which makes her blue eyes sparkle with mischievousness. Not only does she have blue eyes, but she also has long brown hair, and tips the scales at a mere 112 pounds. If you should happen to overhear her telling her twin brother, Ellis, to remember that she is the oldest, you might be interested to know that the difference is exactly 10 minutes.

Favorites, when it comes to clothes, are skirts and sweaters.

ELYN GRACE

"Once I had a secret Larry" is the subject of our highlight in her opinion, and she'll have it for breakfast, lunch and supper.

When she's not watching TV she likes to go to the movies to see her favorites, who are none other than John, Reynolds and Donald O'Connor.

In case you haven't guessed it yet, our highlight is the vice-president of the senior class, Elyn Grace.

SPELLING CONTEST COMPETITION STARTS ON MARCH 12

The Detroit Spelling Bee will begin Friday, March 12, for its 32nd consecutive year. Students in grades five, six, seven and eight will participate.

The first spelling bee in the contest will be held March 12. The winners of the school contest on March 26, the district contest on April 9 or 11. The final contest is May 7 in Detroit.

The winner of the Detroit contest will go to Washington, D. C., to enter the National Contest on May 20. Prizes and medals are given to the various winners.

Wolverine State Delegates Named

Wednesday, March 4, the faculty of Clarenceville High School selected five juniors to represent our school at Wolverine State. There are several organizations which will support students this year at Wolverine State. They are as follows:

Robert Grose will represent the Farmington Township Board.

Donald Douglas and Sharon Moreland will represent the P. T. A. and the Optimist Club will be represented by Nancy Moore and Robert Snel.

The Wolverine State is a group of mythical governments set up by students from surrounding high schools at the local, county and state levels. The girls will attend at Ann Arbor and the boys will go to East Lansing. R. B.

Editorial

Last Thursday concluded the sports season of basketball next year. Even though we did not have a too successful season, I would like to congratulate you, the student body, for supporting the team as well as you have. I know the team members appreciated it, too.

It isn't always when we win that we need your cheering. It's when we are behind that we really need it. Let's continue the fine sportsmanship next year and hope that next year our season will be more successful.

On behalf of the student body, I would like to express our thanks to Coach Oshkoff, who really deserves credit for his first year of coaching at Clarenceville. I have heard many remarks from parents, alumni, and students, saying that even though the team hasn't won any games they are more skilled players this year, and have better form on the basketball floor than any school in the league. That is most likely true. Let's continue to help and if our team has an uphill battle, I am sure that as the years pass we will definitely have an excellent team. You always have to start sometime to revise old methods of play and experience new methods that in time develop into valuable skills. This year was the year of Clarenceville to start at the bottom and work and practice to become a skilled team.

Also, I may interest you to know that out of all of the league schools, Clarenceville girls and boys were dressed more appropriately for games. Girls appeared in skirts and sweaters, and boys in slacks and sweaters. It certainly let a good impression on other students. The cheerleaders would like to congratulate the student body on such fine conduct and school spirit that you have shown in pep assemblies and games.

Well, that just about does it! As the basketballs are put away, and uniforms hung up, the students are getting ready for the holidays and let's support the team all we can. P. S.

Car Drops Through Ice, Retrieving Proves Tough

Efforts to retrieve an automobile that dropped through the ice of Wampplers Lake in W. J. Hays state park near Onsted were continuing this week, park manager Merv Olson reports.

The car went through the ice last week. Three men fishing in the vehicle were luckily able to free themselves as the car fell in 1 1/2 feet of water about 100 feet from shore.

Ice on the lake is melting and salvage work is proving difficult. A grateful thought toward heaven is of itself a prayer.

COUNCIL PROCEEDINGS

Special meeting of the Council was called to order in the regular meeting place at 4:10 p.m. by Mayor Loomis for the purpose of considering the sale of City-owned property. Said property is located on the West by Gill Road; on the South by 9 Mile Road; on the East by a line parallel to Farmington Road at a distance of approximately 754' West of said Farmington Road; and on the North by Grand River Cut-Off.

The Council and the City Manager discussed the merits of disposing of the above-described property, considering the Engineer's estimate of \$23,000 to provide necessary sanitary sewer and water services in comparison with the minimum asking price per acre. Mr. Ray Richter, representing Rasmussen Equipment Co., indicated a desire to purchase 10 acres for office and warehouse purposes.

Motion was made by Cavanaugh and supported by Conroy that the Council proceed with the disposal of the property concerned, and that a price not less than \$1,500 per acre, subject to terms agreed upon by the parties concerned, and that said agreement include the provision for City water and sanitary sewer lines to serve the U. S. 16 Cut-Off frontage of said parcel; further, that any sale of said land be subject to control of use, type of structure, and other restrictions deemed necessary and desirable to the Governing Body.

Motion carried. Four years and one day.

Motion to adjourn made by Lindbert and supported by Noneman. Carried, all yeas.

Meeting adjourned at 5:30 p.m.

Kenneth R. Loomis, Mayor
James O. Tephani, Acting Deputy City Clerk

STUDENTS ENTER V.P.W. ESSAY WRITING CONTEST

The Clarenceville Senior English students, along with several of the juniors, are entering a national essay contest sponsored by the Veterans of Foreign Wars. This contest is similar to one that the organization held last year and in which three Clarenceville students won prizes.

The title of the essay competition is "Build Through an Efficient Ship". Each essay is to consist of less than 1,000 words and, of course, is to be of original viewpoint.

There will be prizes awarded for the best essay of each school and community, each state and a national award will be presented to the best essay throughout the United States. E. G.

By Heart, I Love This Melody!

As soon as I walked into Trojans, I realized I should have come later because it was the rush hour, and I wouldn't be able to sit in a booth. As I walked around I saw a group of senior boys at the juke box. There was Jim Medina, Dick Wood, Iolo Rieker, Tom Haykovich and our senior highlight of the week, Larry Arling Warner. I found out that he was born in Michigan, but Ohio. He came over here when he was about one year old. Larry got up to play some more records, and I decided to listen and find out what records he would play. I wasn't surprised to find out his favorite record is "Heart of My Heart" because all of the boys have been humming it in the halls for the last few weeks. A few more of his favorites are: color, blue, actor, William Bendix; actress, Deborah Kerr; vocalists, Patsy Cline and food, hamburgers and French fries.

As far as sports go, Larry has no favorites, but likes them all. You can usually find Larry driving around in his one and only car. The Chevrolet. His main ambition is to graduate not only from high school but college, where he plans to take an engineering.

Larry is six feet tall, with brown hair and blue eyes. Oh, by the way, one more thing, his pet name is the fellow in the "Owl Club" who don't sing. S. B.
