

### Falcon Cagers Lose To Berkley

The Farmington Falcon cagers continued to slip in the latest Lakes conference basketball circuit by dropping another contest last Friday evening at Berkley. They were defeated to defeat 82 to 71.

After putting up a good fight in the first half and trailing by only 9 points at half-time, they slumped in the last half to take the loss by a 27-point margin.

Left Radatz, backed up the hardwoods for Berkley and dumped in 25 points for his winning team. Bud Jones racked up 18 points and Jerry Rice 13 for the Farmington five.

The Falcon Junior Varsity quite made a better showing than the varsity, but were unable to pull out a victory. They lost the game 19 - 22.

Berkley took a first period 12-8 lead and despite strong bids to push ahead by the Falcons in the second and third quarters, held on to put the victory.

Dave Warriner, was high point man for Farmington with 24 points to his credit.

The Marine Corps includes three Marine Divisions and three Marine Aircraft Wings.

#### Students Picked For League Band

The Wayne - Oakland County League Band tryouts were the reason for the fifteen Clarenceville band members to appear at the high school at 8:30 on Saturday, January 15. This is the fifth annual league band. CHS placed first last year with everyone on trial making it.

The members who placed this year were: Barbara Schmidt, Gretchen Van Camp, Dorothy Phillips, Lorraine Hawley, Donald Nelson, Thomas Wilson, Ronald Rapelle, Michael Keller, Gerald Rogers, Roger Rapelle, Clifford Wellman, Max Ashmore.

On Friday, January 21, the All-League Band held its first rehearsal in the Clarenceville High School gym. William Janton of Clarenceville was one of the eight directors of the league band.

The band will play a series of nine numbers, which will include a number of overtures: "Jericho," "Gould," "Pavane," "Raid," "Stars and Stripes Forever," "Dona Nobis et Beata," "Gerschwin," "Nocturne from B Flat Symphony," "Fauchet," "Phantom Regiment," Anderson, and "Ballet Paris," Offenbach. These pieces were selected by the eight directors of the league.

#### Editorial

Hi Kids! - My name is Clarence Clutter and I'm a professional clutterer. (I have many friends at C. H. S., in fact, they could even be called my followers. They love to see me, they love to see me under the desks, on the floor, next to the wastepaper basket and on the floors of the lavs.

You probably know some of them. They all have the general characteristics of laziness. It takes too much energy on their part to pick up their waste paper and put it in the proper container, which, by the way, is placed there just for that purpose.

Another method of detecting them is by the appearance of their lockers. There are always papers sticking out, there are books thrown in the direction of their locker. Ah yes; many are my friends!

Before I forget to mention him, I'll introduce my brother to you. His name is Martin Messy. He helps to keep the cafeteria in the condition most of us find it in. He does a wonderful job of giving us tables that cluttered look by leaving all of his lunch bags and paper on the table. If he spills his milk, he just leaves it there for the next person.

Yes, we have many followers here at C. H. S., but it seems that the Student Council is doing its best to discourage us. They're putting up posters in the halls and in the cafeteria and setting a good example for the rest of us to follow in the cafeteria, etc. Something tells me that I, Clarence Clutter, and my brother, Martin Messy, are being followed again by the wise C. H. S. students.

been active in racial controversies in Louisville. Its corresponding secretary was identified at Braden's trial as a Communist. Prosecutor Hamilton produced almost a truck load of Communist educational and propaganda literature seized in Braden's home, some charging germ warfare against the U. S., some branding America the aggressor in Korea. This was distributed by Braden, the Prosecutor said, where it was felt it would do the most good.

Perhaps the most significant piece of evidence was a letter from a cohort of Braden's telling of working on a campaign in behalf of "the 25 U.S.A. (Fift Amendment) contempt cases, the Hollywood Ten (convicted Communists)," and which asked Braden: "We are trying and trying to figure out some way to put pressure on Vinson (Chief Justice Fred Vinson). What do you know about his political ties in Kentucky?"

Communists are constantly searching out vulnerable spots in the careers of public officials — so they can blackmail them into doing the bidding of the Red conspirators.

Yes, each Communist in America is a powerful and influential force, undermining our nation's principles, shaping public opinion, creating destructive civil strife, and usually unrecognized as a Communist.
