### O.L.S. Girl Scouts Enact 1955 Theme

The theme of the 1955 Girl Scout birthday celebration, "The Belonging Build," was carried out by Troops of Our Lady of Sorrows Parish on Saturday and Sunday last week.

Their "Belonging Build" was demonstrated by their attendance at Holy Mass at 8:30 a.m. with their troop leaders and committee women.

"Belonging" was exemplified by their group gathering on Saturday evening to give a demonstration for their parents. Movies depicting the life of a Girl Scout and the Girl Scout Day were shown. The program opened with a flag ceremony and group singing. It closed with a song and friendship circle.

Mrs. George Harris, neighborhood chairman, was mistress of ceremonies. Mrs. Barbara Brown commented on day camp and related some incidents in the life of Juliette Low, founder of the Girl Scout organization 43 years ago.

After the program the guests were invited to see the many objects of handicraft completed this year by the six troops: Girl Scout Troops 175, 176, and 179; and Brownie Troop 170, 228, and 468. Many of these displays demonstrated the service activities of the girls.

In this manner Girl Scouts "Build" the women of tomorrow.

Shrubs make good property-line plantings — most can be quickly trimmed to stay on your side of the fence; they do a good screening job.

Frugality is good, if liberality be joined with it. The first is leaving off superfluous expenses; the last, bestowing them to the benefit of others that need.
